WELFARE OF WOMEN IN BALANCE

Social Evil Aggravated
by Modern Dress,
Says Pastor

Questioned by Fellow
Member, Gives Reasons Why

"We have condoned in man what we have condemned in woman," declared Dr. Susan Fenton, president of the Child's Welfare League of Alameda county at the regular meeting of that organization yesterday afternoon in Chabot Hall. She was speaking about the double standard of morality and publicly advocated the single standard for the good of humanity.

Miss Anita Whitney, president of the California Civic League, corroborated the statements of Dr. Fenton in her address entitled "The Anti-Social Woman."

"We must find out why we have an anti-social sister," said Miss Whitney. "We must realize that if the social evil is not necessary, and if so, it should not exist. The economic dependence of women is one of the causes of the double standard of morality."

"The prostitutes are not able to cope with the industrial and economic conditions of modern life. Scientists say that they need to be segregated, as they are not physically able to fight the battle of daily life. They should be taken away from the stress and strain of everyday existence. Nowadays the pressure is too great for women, and that may be one logical reason for their being thrown into that life of filth."

MUST GO FURTHER.
"We need something more than law for our anti-social sister. We need an educational campaign. We must make it understood that love and education are the only way to solve the problem."

At Least They
Agreed: Leg Is
"Beautiful Thing"

"Vice lies in the present style of woman's dress. The other day I saw a woman dressed in a black skirt, slit to the knee, disclosing white stockings. As I observed her I said to myself, 'Why should she wear a black skirt and white stockings unless she wanted to attract attention?'—Rev. Marsden Wilson to the Child's Welfare League.

Why should such a beautiful thing as a woman's leg attract a man's attention?—Mrs. Ada French to Rev. Wilson.

"It is a beautiful thing, but it is not every man's business to be interested in the legs of women, nor was it her business to show them. They should be covered."—Dr. Wilson to Mrs. French.

FORMER TIVOLI STAR SUED FOR DIVORCE

Domenico Russo Is Made
Defendant; Neglect
Charged

Domenico Russo, former Tivoli singer with Mrs. Colasanti, and tenor in the Metropolitan Grand Opera Company, who has been sued for divorce by his wife, Mrs. Russo, is alleged to have had a fight with her in the Hotel Rialto, New York, with Le Grand Holland as an audience, as the result, it is charged, of overtures made by Holland to Mrs. Russo whom he desired to take up the stage profession on her own behalf.

Russo is at present living in New York. Ten years ago he was a favorite in the old Tivoli in San Francisco. Later he toured the country with a grand opera company and it was during this time that his wife says he treated her in such a cruel manner that she was finally forced to seek a divorce.

Mrs. Russo is a daughter of Mrs. R. Mandler, 145 Thirteenth street. She was formerly the wife of Bert Weber of Alameda and since her separation from Russo she has been living in Oakland with her children.

LESSONS NOT FOR HER.
"My husband was eager to give music lessons to others but he never showed any disposition to teach me," said Mrs. Russo today. "I was given an opportunity by Holland, the New York impresario, about five years ago and as a result my husband became jealous and attacked Holland in the hotel where we were stopping."

"I am now taking up music and intend to give lessons to others."

NEW LIQUOR ORDINANCE GREAT STEP FORWARD

OAKLAND, Cal., Nov. 10, 1913. EDITOR TRIBUNE—At the morning services of the First Methodist Episcopal church, yesterday, with a large congregation present, the pastor was authorized to send to THE TRIBUNE the congratulations and appreciation of the church for the splendid and persistent fight the paper has made in behalf of the new liquor ordinance for our city which seems now assured of passage.

With the strong opposition to the ordinance from the liquor forces and their allies it is doubtful if the great forward step could have been taken by the council if it had not been for the strong support rallied for the measure by the press of the city, notably by THE TRIBUNE, whose work has been untiring.

It is a great thing for a city to have its leading papers line up on the side of morality and decency and society, and the church desires to express its great appreciation of THE TRIBUNE'S bold stand in these matters.

GEORGE W. WHITE, Pastor.

OAKLAND REDUCES SALOONS.
By unanimous vote yesterday the city council of Oakland passed an ordinance reducing the number of saloons in the city from 287 to 200, the reduction to be effected by July 1 next. Restaurants and other drinking places are also brought under stringent control. The saloon license is raised to \$1000, and there is to be no "compensation" for saloons and restaurants put out of business.

The liquor traffic is to be eliminated entirely from the residence districts. The ordinance is comprehensive and means business at every point. It was passed substantially as advocated by the Public Welfare League, the and intelligent support by THE TRIBUNE. The commissioners apparently did not act voluntarily, but bowed to public sentiment. Nevertheless credit is due officials who respect public sentiment.

In the new ordinance Oakland has a moral asset that will pay material dividends.—Stockton Record.

TRAFFIC TO HEAD FOR OAKLAND

Joint Application for
Trackage at Capital
Is Filed

Development of Two
Systems Soon to Take
Place

CONFIRMING the story of traffic arrangements of the Oakland, Antioch & Eastern Railroad with the Western Pacific, as published in this paper some weeks ago, the Gould interests today took the first step toward making good their claim to the line that will give them a fast through route between this city and Sacramento. The step also means that the line will have acquired a route for its limited trains that will put it in direct competition with the crack trains of the Southern and Central Pacific by chopping off several hours in the run from the California State capital to tide-water.

The Western Pacific and the Oakland & Antioch railroad will have filed with the city commissioners of Sacramento today an application for a franchise for a connecting link between the two lines in front street of that city. It was at the time of the application made known that the Western Pacific proposes to route all of its overland trains by way of the Oakland & Antioch electric railroad to the city of Oakland.

The city of Oakland will thus become the terminus of the big Gould system and it will in time build here a depot to handle all of its feeder and main line traffic.

The Western Pacific, it can be safely said, will also place on the bay a regular ferry service that will augment the service now enjoyed through the Southern Pacific.

The Western Pacific trains over the new route will be hauled by special motors from the ferry landing at Antioch. Steam trains will then pick them up at Oakland for transfer to the Western Pacific motor.

The Oakland, Antioch & Eastern is now paving the San Francisco, Oakland Terminal railroads 10 cents a passenger for transportation of cars over the K. C. route line and ferriage across the bay from Fortieth street. The Western Pacific will arrange to bring its trains over the Oakland, Antioch & Eastern tracks into the center of Oakland.

Goes to Jail for Besieging Portola Ruler
Cat May Look at King; Farmer Loves Queen

Beautiful Conchita Sepulveda Object of Affections

Everybody loves a lover, and everybody loves a queen, but Joseph Collins, Livermore rancher has loved unwisely and too well.

Joseph Collins found in Miss Conchita Sepulveda, Portola queen, guest of Mrs. Phoebe Apperson Hearst, at the Hacienda, near Pleasanton, the tenth muse. In his simple philosophy, Miss Conchita typically Spanish thoroughly Californian, and beautiful as a Western flower, was everything that would make one look to poetry as an outlook for inspiration.

Joseph Collins, rancher, man of the soil, too persistent perhaps and much in love today languishes in the Alameda county jail in this city all because he loved with less of polish and too much of admiration the queen of the Portola.

"Taken to the county jail," as the rhyme of the favorite opera runs, Joseph Collins today is serving out a 30-day sentence under the care of Sheriff Barnett for disturbing the peace—of a queen. His is repentant, but he still loves. He would send if he dared, a few tokens of his appreciation of Miss Sepulveda's dancing eyes and handsome ensemble, to prove that he is serving his time with full knowledge of the fact that:

So adventurous a tale, like unto most romances.
"Was ever there a maid under such peculiar circumstances."

ADMIRED GIRL UNDER OAK.

When Miss Sepulveda, sister of one of the oldest and most aristocratic families in the city, came to the Portola to become the queen of the Portola, she was the guest of Mrs. Hearst in Pleasanton. One day she happened to be under the shade of an old oak in front of the estate when Collins espied her. It was a case of love at first sight. Collins from that time on haunted the Hacienda and later followed Miss Sepulveda to San Francisco.

No person in the vast audience that saw the handsome "queen" crowned and led before the cheering crowds was more intent in gazing upon her pretty face than Joseph Collins. His was an affection of the kind that is made about in books, but with it he had that persistent already mentioned, and which is akin to impudence. It was this persistency and insensibility that got him into trouble, and into jail.

METHOD IN MADNESS.
After the Portola was over Miss Sepulveda went to Pleasanton to rest from her hard work—and it is hard work to be a queen—and low and behold, Joseph Collins followed her there! At first it was thought that the man was insane and that it would be well to have him committed to an asylum, but later it was determined that he had more sense than was accredited him and that in his pursuit of Miss Sepulveda there was method in his madness.

Miss Sepulveda's friends became worried. The young lady herself was nervous and at a point of collapse, for she could not leave the premises without being hounded by Collins, who, in his crude way, pressed his effort to gain her recognition.

The police of Pleasanton were notified and finally it was decided to have the man taken in charge by private detectives. His arrest followed and on October 30 he was convicted of disturbing the peace by Justice of the Peace C. J. Piacentini and sentenced to 30 days in the Alameda county jail, where he is now in custody.

It is said that Miss Sepulveda has relented of the charge that she brought against her too ardent admirer, and is today willing to have him pardoned of the crime of "loving too well, and in return was not admired."

UNION DEPOT PLAN TO ASSUME FORM

President Gibson to Appoint Special Conference Committee

A conference with Paul Shoup, head of the electric system of the Southern Pacific, and a special committee of prominent citizens to be appointed by President W. E. Gibson of the Chamber of Commerce within the next two days will start the first concrete action in the movement to build at the corner of Fourteenth and Franklin streets the great proposed union depot, the plans for which were recently announced by Secretary A. A. Denison of that body. The authorization to appoint the committee was given today by a unanimous vote of the directors of the chamber.

The committee is to be composed of at least nine prominent men of Oakland, and they will lay the project as outlined by Secretary Denison and already placed unofficially before Vice-President E. E. Calvin and other railway officials, formally before the officials. Bankers, public officials and men of every activity in the city will be asked to co-operate in the plan.

before the directors in a report by Secretary Denison, following his recent public announcement, that the time was now ripe to begin the work. He told of his conferences with the officials of the financiers who stated to him that renting of stores in the arcade would net a 5 per cent return on the investment, and of his arrangements for another conference with the railroad men.

"Now is the time to act," he declared. "For now we are assured that the depot can be built at a lower cost than in the past."

Effort of Democratic Club Fails Against Professor

SACRAMENTO, Nov. 11.—The effort of the San Francisco Democratic Club to have Dr. David P. Barrows, acting president of the University of California, renounced by Governor Johnson for a speech Barrows delivered censuring the Mexican policy of President Wilson, failed today when Governor Johnson wrote the club that he would not deny any university professor the right of freedom of speech on topics interesting to the public.

The governor said in part: "I do not think the time has come when any one connected with the government should be immune from what another may consider honest criticism, and is entirely apart from whether I agree with the views of Dr. Barrows or not. Because he is connected with the university, he does not in my opinion forfeit his right as an American citizen to express his views, and I believe that an attempted suppression of the right to speak freely by any professor would do more harm inculcating than the expression of views that we might think erroneous."

SUPPLY OF FOOD IS SMALL

of Storm

Identity of Derelict Unknown; Crew Is Missing

CLEVELAND, Nov. 11.—(Via private wire to Pittsburgh.)—Cleveland is buried under twenty-one inches of snow, its streets are filled with a tangled mass of broken and twisted wires and thousands on thousands of its inhabitants are in imminent danger of starvation and its horrors.

Three persons have been killed, ten are missing and are believed to have been frozen to death. The steamship J. G. Garner is stranded on the beach. Captain Burns of Buffalo and twenty-two sailors are in danger of death at any moment because of the mountainous seas rolling in from Lake Erie. Life-savers are standing by helpless to aid.

It is still snowing and unless the storm, which has continued since last Sunday, soon abates, no one can tell what the ultimate toll in dollars and lives may be.

FOOD SUPPLIES SHORT.
The food shortage felt Monday afternoon became more pronounced and threatening this morning.

Many families were caught with little more than the food supply to carry them over Sunday, and as there have been no shipments received since Saturday the supply is rapidly being exhausted.

The loss is already estimated at \$2,000,000, half of which will fall on the telephone and telegraph companies. Normal conditions cannot be restored within a week, and if a thaw should come followed by the inevitable flood, the whole lake country will suffer severely.

FUNERALS WAIT ON STORM.
So complete was the paralysis of transportation facilities it was deemed best to let the dead lie in the places where they had died and no funerals will be held until the storm has abated.

One of the greatest fears is from fires. Already one fire has done \$100,000 damage and the difficulties encountered in subduing it were such as to cause the authorities the greatest apprehension should another fire break out.

SCHOOLS CLOSED.
All the schools of the city are closed. The larger attendant on the passing of children through the streets and the unusual conditions surrounding them in the school houses, many of which have been thrown open to the homeless, prompted the authorities to suspend classes until the blizzard abates.

BUSINESS PARALYZED.
CLEVELAND, Nov. 11.—Transportation facilities are practically at a standstill today as a result of the 40 hours of rain, sleet and snow which swept over the city beginning Sunday.

Wagon Driver Steals
\$10,000 From Mail Sack

CHICAGO, Nov. 11.—Thief of money and jewelry valued at \$10,000 from a mail sack was disclosed by James Stuart, postoffice inspector, here today. The crime is alleged by Stuart to have been committed by Albert Tardy, a small wagon driver.

The theft occurred yesterday. Tardy collected five mail sacks containing registered packages at the South Water street, Masonic Temple and Stock Exchange sub-stations.

Tardy's wife was found today with some difficulty as Tardy had given her address at a number which proved to be a dead end.

Tardy visited her for a few moments last night, told her that he had stolen \$10,000 from a mail sack and would write to her as soon as he had secured the money.

PASTOR DECLARES AGAINST FASHIONS

Rev. Marsden Wilson Says the Women's Legs Should Be Covered.

(Continued From Page 1.)

cation must go together. When we close the segregated district we have met only one-half of the social problem. It is important to save other women from that life and to restrict the market that calls for women and girls. Such places are not necessary. Some of the women will leave the state and others will remain here to ply their trade under the eyes of the officials. Economic conditions must be bettered.

"Let us stand together in the matter of bettering the anti-social women and care for them when they leave the red light district. I hope that the anti-social woman will reform."

"Economic independence of women will be achieved through women and the ballot. They will cease to be dependent upon man for a roof over their heads."

One of the members stated that the extravagance in women's dress was one of the reasons why men did not marry. Another said that a wave of economy should sweep the city, cutting down the cost of living. "Our merchants would be better off," was the interpolation of a quick-witted volunteer worker. "The women would then be able to pay their bills."

A MAN'S QUESTION.

"Girls do not get enough wages," declared Dr. Fenton; "neither do the men. I believe that this is purely a social question."

Rev. Marsden Wilson, pastor of St. Philip's church of Fruitvale, started the representative of the society when he told a story of a woman who was attired in modern fashion and preceded him a few days ago on the ferryboat. In speaking upon the issue of commercialized vice he said:

"Vice lies in the present style of dress of woman. The other day I saw a woman dressed in a black skirt suit to the knee disclosing white stockings. I observed her. I said to myself, 'Why should she wear a black skirt and white stockings unless she wanted to attract attention?'"

The clergymen was quoted after his remarks by Mrs. Ada French of Berkeley, who asked, "Why should such a beautiful thing as a woman's legs attract a man's attention?"

SHOULD BE COVERED.

"It is a beautiful thing," answered Rev. Wilson; "but it is not every man's business to be interested in the legs of women, nor was her business to show them. They should be covered."

During the meeting Dr. Fenton said that men who violate the law are responsible for spreading disease, and if they did not go to the segregated district there would be no such conditions as exist today.

"The disease would not be carried through the community and there would be no segregated district now are largely responsible," insisted Dr. Fenton.

"The contributory cause to the whole matter of commercialized vice lies in the present-day style of women's dress," announced Rev. Wilson, without restraint.

Judge Tappan, who was to have given his report on the new theatrical ordinance, said that he was not ready to make an official announcement regarding it, as he was consulting attorneys in the East upon the laws pertaining to the restriction of obscene shows, pictures, and songs. He will report at the next meeting in December.

Militants Busy With Bomb and Firebrand

LONDON, Nov. 11.—Militant suffragette arson squads and bomb throwers were at work in several parts of the British Isles early today.

The Scone House at Alexandria Park, Manchester, containing a collection valued at \$50,000, was wrecked by a bomb, and Begbrook, a fine mansion near Bristol, was badly damaged by fire. The bowling and tennis club's house at Catford, southeast of London, was burned down.

IS A BUSINESS PROPOSITION.

"This is a business proposition, and we can lay it as such before the company with facts already made certain."

"If the chamber does nothing else in five years," declared Judge Abrahamson, "this will justify its existence. The block bounded by Fourteenth, Thirteenth, Webster and Franklin streets awaits this building. The Oakland-Antioch, soon to be a Western Pacific branch, from what I hear, and tapping the next county and other fast territory by extensions, can come in. We cannot delay this."

Gibson will probably announce his committee this week, call them together at the chamber in a preliminary meeting, and with facts and figures the new organization will be ready for the conference.

The Rees harbor plans were placed before the chamber officers last morning, and after a short discussion referred to the rivers and harbors committee for a report before any action is taken.

A. S. Day proposed that Secretary Davidson's preliminary work in forming a traffic bureau be approved, and that a committee be appointed to assist him. This was ordered done. The committee will be announced at the next meeting of the chamber.

Real estate matters were reported on, including a statement by the building association and data as to the chamber's financial affairs.

Woman's Plea Fails To Save Defendants

SAN FRANCISCO, Nov. 11.—Attorney Margaret Ogden, daughter of Superior Judge Ogden of Alameda county, was cut off sharply and forced to stifle a flood of oratory in Judge Doobing's court today. Miss Ogden, who has but recently been admitted to practice before the Federal tribunal, appeared as counsel for William and A. Gustafson of Oakland. They were charged with violating the Federal statute relative to the shooting of rail on the Alameda marshes. Miss Ogden appealed for clemency, saying that they were ignorant of the law. The court cut short her argument and fined each \$5.

JAIL CONCERT IS PRISONERS' BALM

Matron Finds Real Harmony Rests in Pleasing Chords

(Continued From Page 1)

"Come on, girls, let's have a concert!" The words broke in upon angry words mixed with profanity. The women, caged in the top floor of the new City Hall, sent there for drunkenness, vagrancy and other minor crimes, chaffing under the restrictions of stone walls and iron bars, were working up to one of the outbreaks of hysterical anger that mark prison life in every jail in this country and abroad, especially in the women's quarters.

It was the voice of the matron Mrs. Claudia Frances Baxter, speaking. She received angry glances and silence at first, but one by one the women rose from their seats in the big room in the women's quarters and followed the matron into the dining room.

Seating herself at her piano, which had been raised a short time before to the top of the City Hall, Mrs. Baxter started a simple, homelike air, known to all women here. Then she commenced to sing. One by one the women joined in, until the score of women "fall birds" were carolling the old melody. From song to song, the matron led the women through a series of "coon songs and ragtime," old home songs and a few hymns.

ALL WERE QUIETED.

"The concert" lasted for over an hour, and when the women tired of singing, Mrs. Baxter turned to her phonograph and played several records. When the "concert" was over, the "girls" had been quieted, and all signs of the storm had disappeared.

"Mrs. Baxter is a wonderful woman," said Chief Petersen. "She is finely qualified for her work. She has learned that the way to reform is by diverting energies into right activities, and not by suppression and restraint."

Mrs. Baxter has been matron of the city jail for the past ten years. She is known by the women and by the members of the police force under the affectionate title of "Mother."

As City matron she succeeded her mother, Mrs. Sarah B. Reed, the first city matron who was appointed in June, 1901, and served till her death in 1904, when Mrs. Baxter was appointed. Mrs. Baxter lived near the city prison before the new jail was installed at the summit of the City Hall. Then she took up her home in the top of the City Hall, and her piano hoisted some 250 feet above the city to her new room. She had her phonograph and other belongings moved to the top of the hall, and went up to take care of her "girls."

With her, she took her great Maltese cat, "Compo," a blue ribbon prize winner of French ancestry. Compo and Mother are the real favorites in the city jail, the big cat being the real master of the women's quarters.

"MOTHER BAXTER" IS GOOD

"Mother" Baxter well suits her name. Stories of sorrow and tragedy, pitiful stories, tales of ghastly crime, all these have been reposed in her confidence. She has been the mother confessor to many hundreds of women, who have clashed with the law. Many a woman guilty of murder has felt her human traits, and wept out her sorrows on the breast of "Mother" Baxter. Tears ago Mrs. Isabelle Martin, the spinster, the woman who attempted to dynamite Judge Ogden's home, found in Matron Baxter the first woman she could trust. But a few days ago, Mrs. Millie Brown, charged with the murder of her husband, and the attempted killing of Mrs. Marie Miller, clung like a frightened child to "Mother" Baxter through the long hours of the court hearings, and cried like a child when she was taken from the city prison to the county jail, on being held to answer for murder.

Matron Baxter has an assistant and a relief matron now. Formerly she worked alone, 24 hours in the day. But despite the fact that she has received assistance, she is still the presiding spirit in the city jail, and the woman who controls with a steady motherly affection, the

is to twice Mrs. Baxter's age, but still, as they enter the city jail, girls in the case of "Mother" Baxter.

There have been three deaths—an unidentified man was burned to death in a fire at the Carroll works of the Standard Oil Company; Carl Bourgeois, 17, was killed by a fallen wire, and William H. Murkhart, 31, was blown off a box car and killed.

DIG OUT TRAINS.

PITTSBURG, Nov. 11.—Although western Pennsylvania, Eastern Ohio and Northern West Virginia still were buried this morning under a foot or more of snow conditions were rapidly improving. Telephone and telegraph

night in restoring communication and railroads had dug out trains that had been buried for hours in the largest drifts known in this section for years.

STORM IS GENERAL.

WHEELING, W. Va., Nov. 11.—Snow began falling this morning over the Panhandle of West Virginia and reports from other sections to the south and east show the storm is general.

Freighter Found Capsized; Crew Believed Lost

PORT HURON, Mich., Nov. 11.—When the tug Sarina City returned this forenoon after an all-night watch over the big steel freighter which lies upside down in Lake Huron, she brought no additional information as to the identity of the unfortunate vessel. The name of the derelict is hidden beneath the water and the waves are still rolling high.

Captain Reid of the tug returned more firm that ever in his belief that all of the 30 or 40 members of the crew of the 600-foot freighter must have been drowned.

Many Vessels Are Driven Ashore by Great Storm

CALUMET, Mich., Nov. 11.—The Canadian steamer Garegis of the Great Lakes Mail Line, Capt. J. H. Fadden, is high on shore six miles east of Copper Harbor, Keweenaw Point. The crew of 17 arrived at Copper Harbor at noon today, suffering terribly from frost-bitten feet and hunger. The boat also went ashore Saturday and the men had no food since that time.

SEAMEN GOES TO PIECES.

CALUMET, Mich., Nov. 11.—The steamer L. C. Waldo of the Robin Transportation Company went to pieces last night on Gull Rock, Manitowish Island. The crew was rescued by the Portage lake ship canal life saving men, who arrived on a tug just in time. The boat went ashore Saturday, but her identity was not learned until news of the life savers' exploit reached here today. The rescued men were brought to Houghton.

LIGHTSHIP REPORTED LOST.

BUFFALO, N. Y., Nov. 11.—Lightship No. 84, carrying a crew of six persons and stationed in Lake Erie off Point Abino, 15 miles west of this city, was reported lost by incoming vessels.

Wreckage of the lightship floated into Buffalo harbor today and was picked up on the beach.

SIGHT SUNKEN STEAMER.

ALPENA, Mich., Nov. 11.—The captain of the steamer Alpena, after arriving here today, reported having sighted an unidentified steamer, carrier sunken in Lake Huron. He said that only the bow of the boat and part of the cargo was visible.

VESSEL GOES TO PIECES.

MILWAUKEE, Wis., Nov. 11.—The United States revenue cutter "Tuscarora" left Milwaukee early this morning for Gull Rock, Manitowish Island, where an unidentified steamer, evidently a large lake carrier, is going to pieces.

TO LEARN CREWS FATE.

CALUMET, Mich., Nov. 11.—Until the Eagle Harbor and Portage Lake life-saving crews return from the wrecked steamer on Gull Rock, Manitowish Island, nothing will be known of the fate of the crew. There are no means of communication, the craft in distress not being equipped with wireless. The lake is calm today.

According to the divorce complaint which was filed by former Superior Judge John Ellsworth, the couple were married in Alameda county August 29, 1904. They separated in December, 1911, after several years of alleged abuse of plaintiff. The couple have two children, Mose Asher Russo, age 6 years, and Milton Asher Russo, age 3 years. Mrs. Russo has a daughter, Madeline, by a former husband.

Trouble between the couple commenced soon after their marriage, it appears. Mrs. Russo alleges that while they were stopping in New Orleans in 1904 her husband threatened her life with a razor. During an opera tour which took them to Los Angeles in 1905 it is alleged that Russo bit his wife on her arm while in a rage, that he threatened her life with a loaded gun and was only prevented from doing harm by his mother-in-law, who interfered.

In Cleveland, Ohio, during 1907, Russo is said to have mistreated and abused Mrs. Russo, declaring that he was tired of them both. Then occurred the separation in 1911 and the divorce in 1912.

Mrs. Russo asked for \$100 per month alimony for publication of summons against Russo, who is said to be a resident of Dryden, Putnam county, New York.

SOLANO FARMS CREDITORS MEET

Committee Is Chosen to Decide on Course of Action.

SAN FRANCISCO, Nov. 11.—Failure to receive payments on a large amount of stock subscribed was assigned by the Solano Irrigation Farms company at a meeting of creditors yesterday afternoon as the cause of financial difficulties. About forty creditors met in the Board of Trade rooms to decide on a course of action.

On behalf of the company, the statement was made that if pending negotiations were successful nearly a half million dollars would be brought in by November 20, providing enough to pay all debts and leave a surplus for further development.

Ten of the largest creditors were chosen to investigate the company's affairs and recommend a course of action to be pursued.

COMMITTEE CHOSEN. Those chosen, with the amounts of their claims, were as follows: H. S. Crocker \$4000, Standard Oil Co. \$10,000, Fairbanks, Morse Co. \$4000, Hooper & Co. \$7000, Attorney A. Goodell (representing Solano claims) \$15,000, Newitt Advertising Agency \$3000, Ajax Diamond Drill Co. \$6500, West Point Steel Co. \$5300, Schroeder & Herzog \$17,000, Holt Implement Co. \$18,000.

In the absence of any of the Solano officers Jacob Garfinkel, adjutant of the company, made a report for the company, in which he said that the expenditures had been as follows:

ment \$450,000, for equipment \$132,000, total \$1,195,000.

OWE FOR MERCHANDISE. In addition to these amounts the company has obligated itself to unpaid merchandise bills amounting to \$250,000.

It was further shown that in addition to the property held in the name of the company was land to the value of \$61,800,000, owned by A. J. Rich & Co., but actually part of the assets of the company.

Charles Reed of Suisun, representing the Suisun Lumber Company, stated that the digging of the ditch alone had enhanced the value of property in Solano county by \$1,000,000 and he counseled giving the company such time as it needed to extricate itself from the difficulties in which it has become enmeshed.

MULLALLY MAKES STATEMENT. Thornwell Mullally, a director, speaking officially for the Solano Irrigation Farms Company, had the following to say regarding the meeting of creditors: "The representatives of the company did not attend the meeting because they believed that the creditors should be given an opportunity to discuss the situation without their presence. We had given their committee the facts and figures and believe that after a business discussion they would decide upon a proper course."

"The company has expended over \$1,000,000 and we intend to make good. As was stated at the meeting the company has been temporarily embarrassed by the non-payment of subscriptions for stock. This is a matter we hope to adjust in the very near future. We have every confidence in the enterprise and I believe that when the creditors get at the facts of the case they will act to the best advantage of the company as well as themselves."

Does Income Tax Make Single Life Preferable to Married?

WASHINGTON, Nov. 11.—Among the troublesome questions that came up today for consideration by the income tax experts of the treasury department was this one: "Is the income tax going to put a premium on single blessedness?"

Advocates of the law contended it would put a premium on marriage, but as interpreters now have found the paragraph affecting married persons not so easy of comprehension after all. The law reads:

HERE'S A PROBLEM.

"There shall be deducted from the amount of the net income of each of said persons (meaning taxable persons) the sum of \$3,000, plus \$100 additional if the person making the return be a married man living with his wife, or plus the sum of \$1,000 additional if the person making the return be a married woman with a husband living with her; but in no case shall the additional deduction of \$1,000 be deducted by both a husband and a wife. Provided that only one deduction shall be made."

Experts don't think it is. For instance, they have to rule on whether two married persons living together, each of whom has an income of just \$3,000, must pay the tax. As individuals each would be exempt. Does marriage make them, with an aggregate income of \$6,000, subject to the tax?

WHO IS TO PAY?

Another question that does not particularly concern the treasury, but which will interest husbands and wives is, who is to pay the tax in case a joint income is taxable? Is it to be proportioned according to the income of the individuals or is the husband to pay it all? One thing seems certain to the officials. The tax is going to prove an interesting index to marriages for money. Although many a mercenary man who took the step into matrimony may be allowed to live with his wife to pay the income tax, the chances are good that much of her income is from investments that require the 1 per cent normal rate to be withheld at the source and a comparison of incomes would not be difficult.

No one need worry, however, over the tax being secret and only a few collectors at the treasury office will know these details.

This visit occurred just when the deal between the American and British Marconi companies was consummated. The suspension of the committee of stock exchange was passed this morning. It called the other brokers connected with the deal, including Grenfell & Co., brokers and expressed the belief that they acted in good faith.

WESTERN PACIFIC HEADS CLIP MANAGER'S TITLE

SAN FRANCISCO, Nov. 11.—The clipping off of six letters in the official title of Second Vice-President and General Manager Charles M. Levey of the Western Pacific Railroad was one of the last acts performed by the directorate prior to the departure for the East of President Douglas T. Bush.

Hereafter the management position will be known as vice-president and general manager without the designating word "second."

It was explained yesterday that the dropping of the word "second" in no way curtails Levey's authority, but was done simply to make the title conform with that of general manager on the other Gould lines.

President Bush, Vice-President Power, Chief Engineer Stephens and Bankers Marston and Potter of New York left yesterday afternoon for New York over the Western Pacific.

ROOSEVELT IS GIVEN AN HONORARY DEGREE

BUENOS AIRES, Nov. 11.—The university conferred yesterday the honorary degree of doctor of laws on Colonel Roosevelt. In an address the former Foreign Minister, Estanislao Zeballos, eulogized the ex-President of the United States and his policy toward Panama. The speaker gave it as his opinion that the United States must dominate in the Caribbean sea, otherwise the republics in that region would invite European intervention.

Senator Zeballos declared that the homage done by Argentina to Canning was unequalled for and suggested that the name of Canning given to a street in Buenos Aires should be changed to that of Monroe, who saved the independence of all America. He declared that no matter the protection of the Monroe doctrine, but it did accept the doctrine of Pan-Americanism. This did not mean hostility to Europe, however, as that continent supplied immigrants and capital to the country.

Colonel Roosevelt in his reply recognized that Argentina did not need the protection of the Monroe doctrine.

"We should have regard for Europe," said the ex-President, "but above all we should be citizens of our own country. I will always denounce revolutions in countries where the people are unable to govern themselves."

OMAR has revolutionized the cigarette sales of the country in less than 400 days! OMAR is the greatest success in cigarette history.

Two years ago, in the dissolution of the old American Tobacco Company by the U. S. Supreme Court, we lost our established brands of Turkish Blend Cigarettes.

The success of these brands had clearly shown us that the taste of smokers throughout the nation was turning to Turkish Blend.

We immediately set about to produce a NEW and BETTER Turkish Blend Cigarette. Experience had taught us how the Turkish Blend could be IMPROVED. All the knowledge we had gained in 25 YEARS in the making of BILLIONS of cigarettes, was CONCENTRATED on this NEW Turkish Blend.

Our leaf-buyers in Turkey and America were consulted. These men—the

greatest leaf-experts in the world—were instructed to select the tobaccos that in their judgment were BEST SUITED to such a blend.

Our blend-experts then took these carefully selected tobaccos and FOR MONTHS experimented with a THOUSAND VARIATIONS of blend.

When OMAR was finally perfected, we KNEW that we had absolutely the FINEST Turkish Blend cigarette that could be produced.

We were confident that American smokers would CONFIRM our estimation of OMAR—and they HAVE. OMAR is UNQUESTIONABLY the greatest success, in the SHORTEST PERIOD OF TIME, in the history of cigarette making.

PROGRESSIVES WILL NAME TICKET

Governor Johnson Says State Party Will Enter Candidates.

Returned Official Declares He Will Remain Neutral in Senatorship Fight.

SACRAMENTO, Nov. 11.—California will have a straight Progressive ticket, with nominees for governor, one Senator, 11 Congressmen, and new Legislature, in the field of 1914, according to the announcement of Governor Hiram Johnson, leader of the

governor states that a conference in December will decide the final slate and declared that if Francis J. Heney and Chester H. Rowell both enter the fight for the United States Senate he would remain neutral. There will be no amalgamation of Progressives and Republicans until principles are the same.

Governor Johnson, just returned from the East, thus characterized through several announcements the political situation in California today. The last of these, declaring that the Republicans and Progressives shall not mix, is by some construed as a slap at the recently-adopted plan of Chester H. Rowell to use of name Republican if necessary to his fight. Johnson's position is clearly against this scheme.

Asked whether he had decided to be a candidate to succeed himself, Governor Johnson said:

"That matter will rest until the end of the year, but whether I am a candidate or not, I shall devote myself to the Progressive cause and to the endeavor to carry out the principles of the party."

TRIP EAST MYSTERY.

When the governor went East there was much speculation among the politicians as to how his study of conditions there would affect his known desire to maintain the Progressive party separate and distinct from the Republicans.

From his interview last night it is thoroughly clear that there is to be no amalgamation, as such, of the Progressives and Republicans, either in California or the nation.

The only amalgamation he can conceive is the accession to the new party of the rank and file of the Republican party who believe in Progressive principles.

"The Progressive party is very much alive and rapidly forging ahead as the dominant national party," claimed the governor. He was in high spirits when he reached his home and appeared entirely happy over the outcome of the Eastern elections, although the Progressive for whom he campaigned in Massachusetts was beaten by the Democratic candidate.

Regarding California he said:

"California, in so far as I can influence the situation, will present a Progressive ticket."

His reply when the question of Heney versus Rowell was put to him was:

"If two of our Progressives are candidates for the same office, of course my position would be that of neutrality."

PROGRESSIVES ARE STRONG.

The Progressive party is the dominant party in the nation today because it is the dominant thought politically in all men's minds. No man dare run for office any place in the Union unless at least he pretends to be progressive.

"Nothing better illustrates this than the state election in New Jersey. The Republican candidate insisted that he was for Roosevelt last year and was a Progressive and thus obscured the real issue there."

"Even in Massachusetts the Republican party, in its activity last year, was so well known that he couldn't obscure the fight, and so the contest there was clean cut and the result, so far as the Republican party is concerned, was a Progressive victory."

"In all the local elections the showing of Progressives was most gratifying."

"In my opinion there will be no amalgamation with the Republican party until the principles of the Progressive party are accepted entirely and until the present leaders of the Republican party, nationally, like Barnes of New York and Penrose of Pennsylvania, are wholly eliminated from politics."

"It is just as necessary for the people in the nation for all time to eliminate these men as it is for New York City to relegate Mr. Murphy and Tammany Hall to obscurity."

PENNSYLVANIA SITUATION.

"Next year the big national contest is going to be in Pennsylvania, where Mr. Penrose expects to be the Republican nominee for United States Senator. Progressives, under the leadership of Van Valkenberg of the Philadelphia North American, will make a most determined fight upon him."

"Progressives, of course, can't stand for men like Penrose, and it will be interesting to observe whether the near-Progressives who were imported into Massachusetts in the recent contest, in the vain attempt to defeat the Progressive party with the Republican party, will go to Pennsylvania in behalf of Mr. Penrose."

BE MORE CAREFUL

Delivery, Especially in Large Cities, Is Frequently Subjected to Delay.

The following letter has been received by Postmaster Paul C. Shafer from Daniel C. Roper, First Assistant Postmaster General:

Your active co-operation is requested in an effort to relieve the postal service of the burden imposed by the growing evil of incompletely and improperly addressed mail.

The delivery of letters, especially in the large cities, is frequently delayed and often made impossible by the omission of an important part of the address, such as the street number or room number when addressed to an office building, or the omission of the name of the street in the case of the distributor's box, or the omission of the name of the post-office and state being given.

CORNER ADDRESSES.

Another source of trouble is the practice of giving an address at the intersection of two streets without giving the location of the corner, for in some

may terminate at that point or it may be the dividing line between the respective territories of the main postoffice and a station or between two stations, and in the absence of the notation "N. E." or "S. W." the distributors are unable to determine to which carrier the mail should be thrown.

The increasing carelessness on the part of the public in addressing their mail is no doubt aided and abetted by the practice of the department in supplying deficient addresses and also by the omission of all the distributors' boxes of such letters to carriers, fresh addresses.

SHOULD CO-OPERATE.

Postmasters should advise their patrons that complete and accurate addresses are essential to prompt mail delivery and that they should co-operate with the department to the extent of sending mail to the distributors' boxes. In the case of an office building, in addition to the name of the city and state, attention should be called to the fact that they can be of material assistance in the education of the general public in respect to this requirement by having all stationers' orders for transmission in the mails printed with their complete street or office address.

After the delivery of mail is delayed on account of insufficient address that fact should be stamped on the face of the mail and rubber stamps for this purpose should be used. The delivery delayed on account of incomplete address may be secured through requisition on the Fourth Assistant Postmaster General, Division of Supplies.

DANIEL C. ROOPER,
First Assistant Postmaster General.

TURN HAIR DARK WITH SAGE TEA

Grandma Kept Her Locks Dark, Glossy and Thick With a Simple Mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's treatment, and folks are again using it to keep their hair good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though we don't have the troublesome task of gathering the sage and the mossy flixing at home, all drug stores sell the ready-to-use product called "Wyneth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, but what delights the ladies with Wyneth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so desirable.

WALNUT CREEK BUSINESS MEN PLAN IMPROVEMENTS

JEFFERSON CLUB TO CELEBRATE ANNIVERSARY

At a meeting of the board of directors of the Jefferson Club held in the club rooms last evening, extensive plans were made for the anniversary celebration of the club that will be held on November 13. The celebration will take the form of a stag smoker and among the speakers will be some of the most prominent Democrats about the bay.

Postmaster C. W. Fay of San Francisco will give the principal address of the evening and other speakers will be W. J. McGee, U. S. assistant treasurer, and Sidney M. Van Wyck of San Francisco, a

will be invited to attend should they be in California at that time.

Since its organization a year ago the Jefferson club has rapidly grown and is now the largest Democratic club in the state. Encouraged by the party successes in the recent elections in the art, the club is planning to make a strong fight in this county for the state and senatorial ticket at the 1914 elections.

and real estate men are working together for the improvement of the community.

Bridle paths are to be established leading to the adjoining communities, and on each side and to be flanked with shade trees and ornamental shrubbery of all kinds.

A committee from the association consisting of Dr. H. F. Shier, G. R. Putnam, the local realty magnate, W. S. Burns and others have the scheme in charge, and are preparing plans to be submitted to the association at the next meeting.

The same general outline of the plan is in use throughout the suburban areas in the southern part of the state, to be followed.

ment has already been made possible through the passage and enforcement of an ordinance to prevent stray stock from running in the streets.

Eats Freely But Has No Dyspepsia

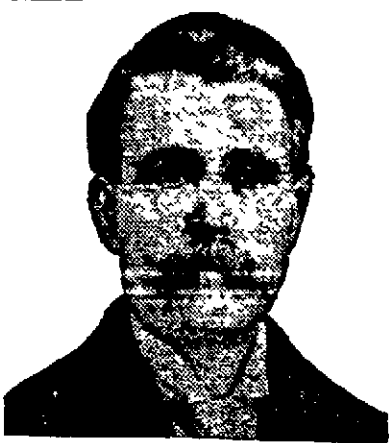

A Little Pepsin in a Mild Laxative Promptly Corrected
• a Bad Indigestion.

Fortunate is the one who can eat "anything" without suffering the tortures of dyspepsia, but as few are so fortunate, care should be taken in the matter of diet. Eating slowly, masticating the food thoroughly and taking a short walk after the heavy meal of the day will do much towards assisting digestion. Any grown-up person ought to know the peculiar foods that do not agree, and these should be avoided.

When these common-sense aids fail, the next thing to do is to take a mild digestive tonic with laxative properties, and there is none better than Dr. Caldwell's Syrup Pepsin. It contains the extract of all acids to assist in good pepsin. It has other ingredients that act mildly on the bowels, which together form a combination for the relief of dyspepsia or indigestion that is unsurpassed.

Its action is to tone and strengthen the stomach and bowel muscles so that they can again do their work.

when that happy moment comes all medicine can be dispensed with. It is the best remedy obtainable for any disorder of the stomach, liver and bowels, for dyspepsia, constipation, biliousness, headaches, drowsiness after eating, gas on the stomach, etc. Thousands of users will testify to this, among them Mr. J. W. Goucher, Stites, Idaho, who for several years had all the worst symptoms of chronic

dyspepsia. Since taking Dr. Caldwell's Syrup Pepsin these have all gone, and although Mr. Goucher says he is 64, he does not look more than 40.

Syrup Pepsin is sure in its results and a vast improvement over chewing or swallowing tablets and minis, or taking cathartics, etc., etc., all of which

do but temporary good. You can obtain Syrup Pepsin at any drug store for fifty cents or one dollar a bottle. Results are always guaranteed or money will be refunded. Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

AND WILL IT COME TO THIS?

DOCTOR DIPS NOT WISELY BUT TOO LOW IN TANGO

They thought it was the tango, but Dr. Willis declares it was a new one, called the "arnica rag." Two short, but lively steps, and a consequent lame back led him to the opinion, and the opinion has remained through several stages of acute suffering. Dr. C. A. Willis, superintendent of the county infirmary, has learned the tango and the arnica dangers. A sore and arnica bespattered back is the result. It happened at a recent dance given by the nurses at the infirmary, in their quarters, and Dr. and Mrs. Willis were invited. The doctor admired the tango and tried it. He appeared at the supervisors' meeting yesterday, badly crippled, and declared that "two short steps did it." "It's the arnica rag and not the tango," he declared. "I didn't get as far with it as this dropping on the knee business, or I might have had housemaid's knee to add to my troubles."

"DRY" LAW CONTESTED IN CASE OF LIQUOR MAN

SACRAMENTO, Nov. 11.—Arguments over the validity of the ordinance passed by the Los Angeles county supervisors prohibiting taking orders for liquor in the precinct voted "dry" were presented before the Supreme Court yesterday. The case is on the application of John Combs of Lamona Park, manager of the Sierra Madre Vineyard company, for a writ of habeas corpus. Combs was arrested for soliciting and taking an order to deliver wine.

HORSE AND MOTOR COMPARISON MADE

Enormous Waste in Using the
"Hay Motor" in Delivery
Systems.

(By EDMUND CRINNON.)

Thomas A. Edison is authority for the statement that the horse is the poorest motor ever built, and motor car manufacturers are finding that "the wizard of East Orange" knows whereof he speaks. In the plant of The Willis-Overland Co. of Toledo, Ohio, recent thorough research has shown that the average work horse "eat near eight" times his own weight in a year. And yet the hauling power developed represents only 2 per cent of what should be expected from this expenditure.

"It is safe to say that there is not a successful business man in the United States today who would be satisfied with a return of 2 per cent on the money he invests in upkeep cost of any machine he operates," said John N. Willis, president of The Willis-Overland company, and maker of the Willis-Utility truck. In a recent interview "Any manufacturer would immediately discard a machine on which the maintenance cost was 49 times greater than the motor returned. And yet American industry, because the 'horse habit' is so firmly fixed is paying this tremendous price for its motive power."

"A horse eats ten pounds of food for every hour he works. He eats 12,000 pounds of food every year. A motor truck consumes no food—and this is the food of the vehicle—when it is not working. The minute the motor stops the feeding cost stops. The superiority of the motor is shown too in the power developed. The 35-horsepower truck will carry 1500 pounds of material and 10 to 15 passengers on a single gallon of gasoline. This is a vastly greater return in energy for the money expended than the 1/2 per cent showing the horse makes. Some day the people of the United States are going to awaken to the fact that they are deliberately throwing away a great deal of money by sticking to the horse and disregarding the efficiency and economy of the motor truck."

TOURING BOOKLET.
The Empire Automobile Company of Indianapolis has just issued an important booklet called "The Transcontinental Empire Number 18" and in its sixteen folio size pages is described and pictured the historic Indiana-Pacific tour of July-August of this year, the biggest and longest organized tour ever undertaken. The performance of the Empire model 21 "the baby of the tour" which ran with the "big fellows" staved with them, and sometimes led them in spite of its modest size and weight, is accurately portrayed. But this tour story is far from a biased account of the Empire performance. It is indeed a graphic thorough account of the wonders, the difficulties, the pleasures and hardships of the transcontinental motor tour, of nineteen Indiana-made cars which went across the continent via the Midland trail through the heart of the lush Rockies in Colorado and across the mountainous deserts in Utah and Nevada to the Owens River valley, California, thence north to Carson City, on over the Sierras to Oakland and San Francisco and down the coast to Los Angeles.

Later he was removed to the Gifford home, where he is resting easily today.

Dr. Barrows Sees Red.

Dr. David P. Barrows, acting president of the State University, is demanding that the United States intervene in Mexico with an insistence that is not easy to understand. It has been stated that Dr. Barrows owns an interest in a large tract of land in Mexico, but THE TRIBUNE is loth to believe that personal interest prompts him to advocate intervention and the bloodshed intervention would entail.

Nevertheless, the acting head of the university is showing that he is painfully lacking in sense of propriety. He is criticizing the policy of the National Government with a frequency and pertinacity altogether out of place in a man holding the position he does. Apparently he has taken on the role of a war agitator. He wants an army sent into Mexico right away, and keeps on saying so. His optimism in regard to the outcome is not shared by others equally well informed.

Not only is Dr. Barrows in favor of intervening right away, but he is good enough to tell the military authorities when and how they should strike. He suggests that troops should be landed at Vera Cruz and marched to the capital. His plan of invasion is the one followed by General Scott in 1847. In his opinion, a small army could march through the country and capture the City of Mexico without serious resistance. Perhaps the job would not be as easy as he imagines. At any rate there would be battle and bloodshed and sorrow brought to American homes.

Dr. Barrows thinks the governors of the Mexican states would welcome American intervention once the fear of Huerta was removed. Vain hope! We would be compelled to fight every one of them, and the so-called Constitutionalists under Caranza included. Send an army into Mexico and it would be opposed by a united nation. Mexican raiders would strike American towns contiguous to the frontier unless a heavy force were strung along the border.

Dr. Barrows may be a statesman of the first rank, but it would be unsafe to rely on his military prescience. We should need an army of fully 300,000 men if we undertook to pacify Mexico by force of arms. The game is not worth the candle. Moreover, it is not necessary just yet. Force should not be employed till every other recourse has been exhausted. Dr. Barrows had better give close attention to his university duties and quit howling for war with Mexico. He is disturbing the peace and quiet of the neighborhood.

A Victory for Humanity.

The eager interest with which millions in other lands hung on the verdict in the case of Mendel Beiliss in Russia shows how close is the kinship of the human race. Beiliss was a vague personality, but he incarnated a principle which enlightened humanity in every part of the earth holds dear. Because of this fact the eyes of the civilized world were centered on him, because of it millions will rejoice at his deliverance and offer up thanks that Russia has spared herself the shame of charging murder to an innocent man that a hideous stigma might be affixed to the religion of a helpless and persecuted people. It is to be hoped that the verdict of acquittal represented the free and honest opinion of the jury; even so, the protest which the trial provoked has not been without its lesson. While it has admonished Russia, it has led to a self-examination on the part of the nations that lifted protesting voices which cannot fail to bear good fruits. It is easier to point at the beam in our neighbor's eye than to pluck the beam from our own. We have called to Russia not to do the dreadful thing which was begun at Kiev, now let us cease to do things of the same character if not so atrocious in dealing with weaker peoples.

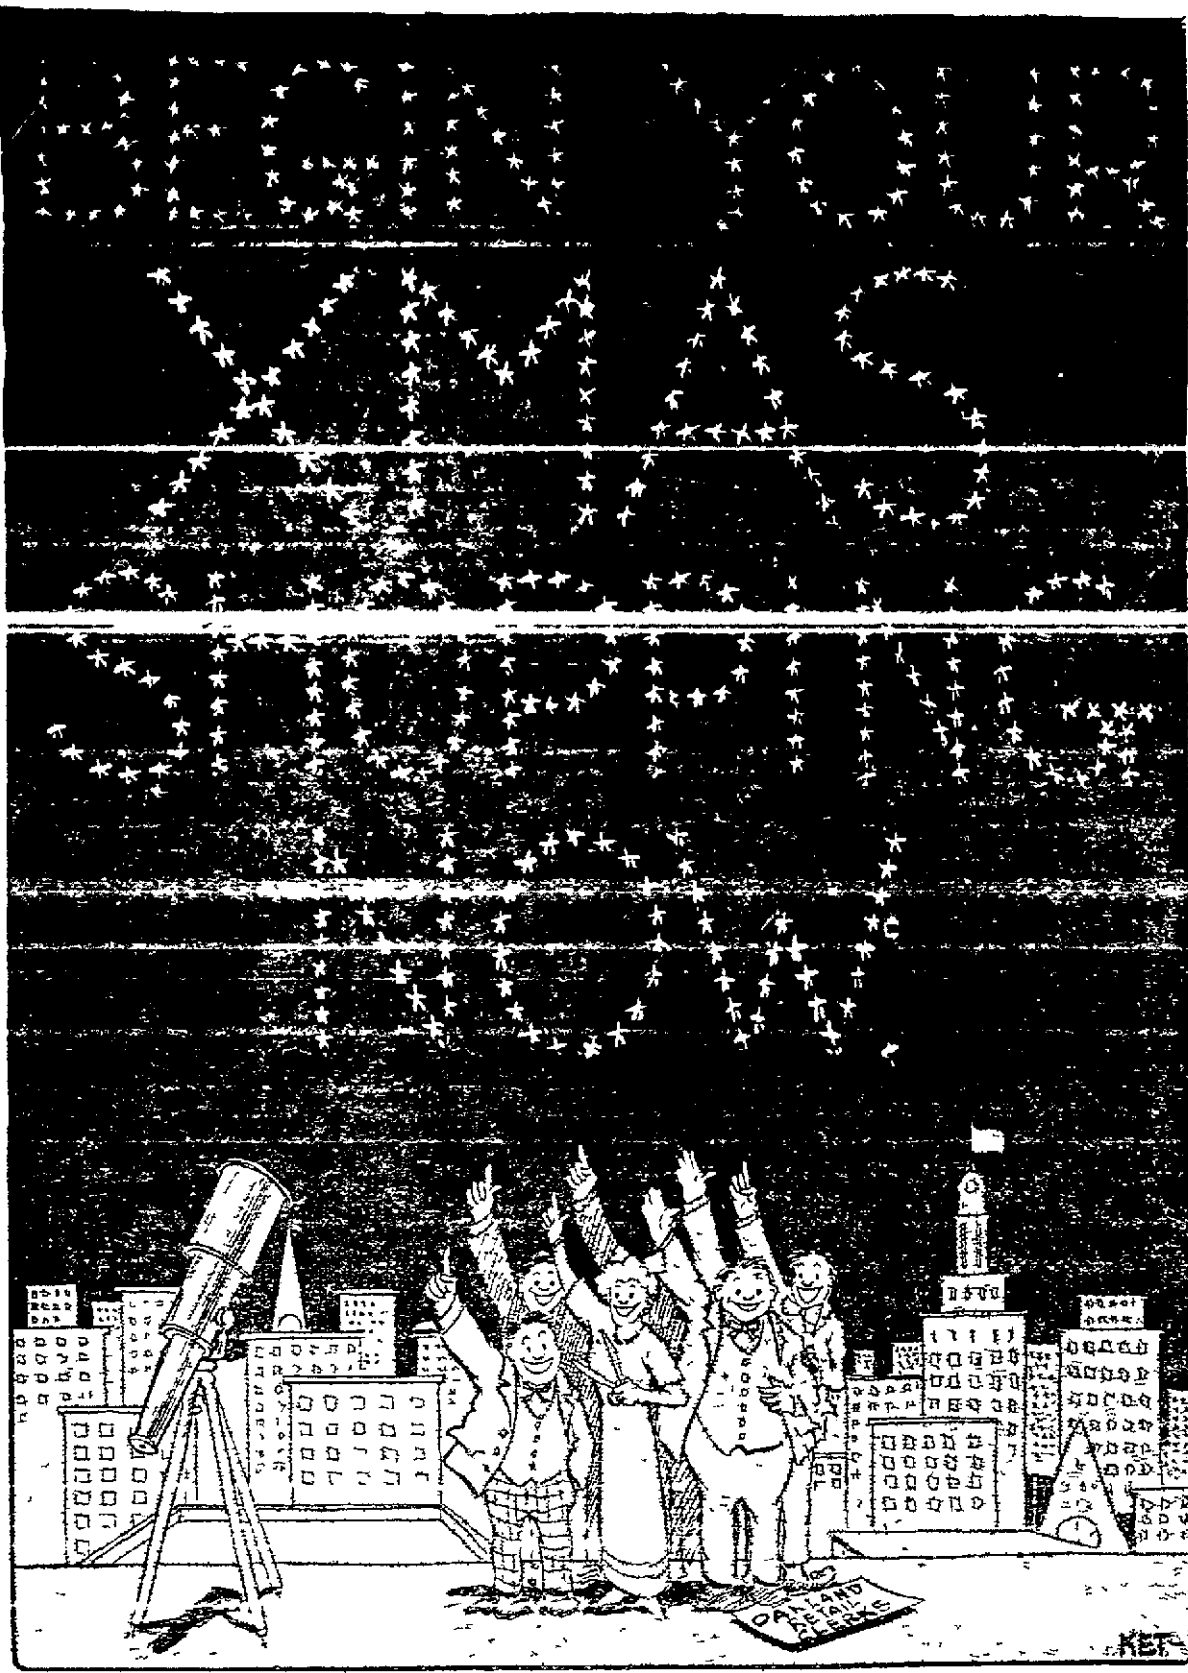

Beiliss was on trial for his life because of his religion. Standing in the dock, with a multitude howling for his blood and the priesthood of a great religious organization urging that he be convicted, he was an irresistible reminder of another defendant who faced a hostile court and an angry, bigoted multitude nearly two thousand years ago. It is one of the mockeries of time and the teaching of tolerance that the professed followers of Him who said, "Pardon them, father, they know not what they do," should be scourging and killing for religion's sake. The acquittal of Beiliss is a victory to tolerance and human brotherhood. It is a verdict that will aid in emancipating the Russian people from a cruel and base superstition. It is a defeat for bigotry and persecution, and is therefore a triumph for civilization and the broad principle of religious freedom. Not Beiliss, though every humane man must rejoice that his peril has been removed, not the Jews alone have won a victory. It is a victory for humanity. In after years the Russian people will give thanks that their jurisprudence cannot be charged with convicting of murder an innocent man on a groundless accusation merely to provide a pretext for making persecution more savage and relentless.

Press of business no doubt is the reason why the Enquirer has not found time to commend the Council for passing the liquor ordinance. Amends for the oversight will doubtless be made by throwing a few handfuls of mud at THE TRIBUNE. That is the way the Enquirer aided in passing the ordinance and it is only natural that it should express its gratification at the passage of the ordinance in the same way.

Shopping and Weather Conditions.

All the weather indications point to a wet season—which is good for the country, but disagreeable for the shopper. Therefore people should take advantage of every fair day from now on in their holiday buying. A crush is always to be avoided, and a wet, stormy weather is doubly to be avoided. The wise shopper makes holiday purchases early has been so often demonstrated that it would seem superfluous to remind Christmas shoppers to consult both their pockets and their convenience early. Just now the weather outlook is a shopping shop at the earliest practicable moment. It is a miserable task, trying to temper and combat the weather in buying till the last moment this season. The weather is disagreeable to the last. They should be shopping early. Don't wait for the weather to be better. The weather is not improving.

GAZE HITHER

The Stupid Policy of Obstruction.

Some of our contemporaries appear more anxious to foil the ambition of President Wilson to solve the currency problem than they are to have a good currency bill passed. THE TRIBUNE does not like the President's politics, particularly his tariff policy, but it desires to see the currency system reformed, and it is unwilling to stand in anybody's way who is honestly trying to settle this vexed question in the way it ought to be settled. Good government is never obtained by kicking, carping, criticizing and opposing everything the party in power proposes to do. The currency question is not a party question, and it should not be dealt with in a partisan spirit. But complaints that the currency question is being dealt with on a partisan basis come with exceedingly poor grace from men who are obstructing legislation in the hope of gaining party advantage.

Every effort should be made to perfect the currency bill by amendment, but the minority should not forget that the majority is charged with the duty and responsibility of legislating and that obstruction along partisan lines compels the majority to legislate on a partisan basis. Members of the minority who refuse to co-operate in furtherance of affirmative action cannot justly complain when the majority declines to take them in counsel.

Our currency system is badly in need of reforming. It is antiquated and inadequate to the growing needs of the country. Every patriotic legislator should use his best endeavors to secure the passage of a bill that will put the United States on a sounder financial basis. Partisan advantage gained at the sacrifice of the public interest is dearly bought and cannot be anything but ephemeral.

There should be no politics in improving our fiscal system, and the Republicans in Congress will make a mistake by trying to make politics out of it, even if Democrats are seeking political advantage in currency legislation. If the Democrats pass a good bill they will be entitled to the credit of doing something for the good of the country, but if they pass a bad bill they will have to shoulder the burden of popular disapproval.

Neither the nation nor the Republican party has anything to gain by a policy of captious criticism and mere obstruction. Even mistakable efforts to mend a bad system are preferable to attempts to thwart action. Mere negation counts for nothing in the march of progress.

The charge most frequently leveled at the Democracy is that it is merely a party of negation. Now that it is sincerely striving to translate platform pledges into constructive legislation, the Republicans can only stultify themselves by a policy of willful obstruction. The Republican party has always been one of construction, and it cannot afford to become obstructive and reactionary. It should be willing to go forward with anybody who is honestly trying to go forward. For twenty years the Republican party held the reins of power without reforming the currency system. It all becomes the party now to expend its energies in putting obstacles in the way of the Democrats who are really trying to solve a pretty problem.

A recent visitor to California tells the Detroit Free Press that farming is the only pursuit in this State that is not overdone. There will be many to deny that all other occupations are overdone, but everybody will agree that there is plenty of room and plenty of good openings for farmers.

Our forefathers seem not to have done anything right. After rocking the cradle sideways for more centuries than one can count, mankind is informed by some scientific man that babies should be rocked longitudinally. By and by we shall be told that we should walk on our heads or face the enemy backward. What really aces our forebears were, to be sure.

Indian Summer Wakens

Indian summer wakens the day with her wind song in the trees, the trees that are trying to hide their nakedness in scarlet and gold. She deepens the color of the sky to the deep blue of midsummer, and then softens her morning song to a lullaby so sweet that the earth and clouds dream that she has come back to stay. Those drifting clouds, however, are not summer clouds. They are white, but they have caught the light of the gold of the fallen leaves and the pink of the faded roses, and close to the horizon they meet the mist and the gray of winter.

Indian Summer scatters the leaves, and shows that the grass is still green. She pretends that the golden rod belongs to her. Here and there she persuades the violets to bloom again, and she coaxes the birds to stay and play with her. The sun loves summer and appreciates her brave little farewell display. There is sunshine all the day and the stars are visible in the night. The shadows of the day are reflected in their light.

HOW YOU MAY THROW AWAY YOUR GLASSES

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate ones, then these glasses may be ruining your eyes instead of helping them. Thousands who wear these "windows" may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once. Go to any active drug store and get a bottle of Opton. Fill a two-ounce bottle with water and drop in one Opton tablet. With this harmless liquid solution bathe the eyes two to four times daily and you are likely to be astonished at the results right from the start. Many who have been told that they have astigmatism, eye-strain, catarrh, sore eyes, weak eyes, conjunctivitis and other eye disorders, report wonderful benefits from the use of this free prescription. Get this prescription filled and use it. You may so strengthen your eyes that glasses will not be necessary. Thousands who are blind or nearly so, or who wear glasses would never have required them if they had cared for their eyes in time. Save your eyes before it is too late! Do not become one of these victims of neglect. Eye-glasses are only like crutches and every few years they must be changed to fit the ever-increasing weakened condition so better see if you can. Like many others, get clear, healthy strong magnetic eyes through the prescription here given.

SACRAMENTO, Nov. 11.—The Northern Electric Railroad and the Oakland, Antioch and Northern Railway have been fighting since Saturday over the right to lay a spur track at the west approach of the Northern Electric and Vallejo Northern bridge over the Sacramento River at the foot of M street. The Oakland and Antioch has been using the bridge out of courtesy and agreement with the two companies that built the line.

The Northern Electric put on a crew relieving the track and is also maintaining the same.

DOCTOR HEARD SPEAKS OF GOSPEL DEFINITIONS

Dr. C. E. Heard, of Vancouver, addressed a good sized audience last evening at Porter hall, on the subject, "Is the Gospel a Failure?"

Among other things he said: "The Gospel, which means Good Tidings, was first preached by Jesus Christ, four thousand years ago, when the promise of deliverance to the fallen race was made. It was to be accomplished through Abraham and his posterity. In fact this covenant covenant to Abraham is the key-note of the Scriptures and the remainder of the Bible is composed largely of the particulars of how this promise is to be carried out."

"Even though Jesus instructed his disciples to preach the Gospel to all nations, a witness, yet nowhere in the world Bible is there even a hint that the world would be converted by so doing. In fact, the object of the Good Tidings, according to the Scriptures, is not to convert the world. The Gospel has been a success in the purpose for which it was intended. Through it God has been selecting a 'little flock,' a Bride for His Son to be the body of Christ, the 'Seed of Abraham' through which the wonderful restitution blessings are to come to the world."

NEW HAVEN R. R. BOND ISSUE IS NOT LEGAL

PROVIDENCE, Nov. 11.—A decision that the proposed \$7,000,000 bond issue of the New Haven Railroad will not be legal in Rhode Island was announced today by Bank Commissioner George H. Newhall. The issue, he says, will not comply with the state law, which requires that in such cases the earnings of a corporation shall be twice the interest charged. Under this decision trust companies in Rhode Island cannot carry the bonds as assets and savings banks cannot buy them at all.

MADERIST FLEES FROM HUERTA TO ESCAPE DEATH

SAN FRANCISCO, Nov. 11.—Among the arrivals on the Pacific Mail liner City of Para was Dr. Felipe Gutierrez de Lara, together with his wife and 15-month-old son. Dr. de Lara was a councilman in Mexico City under the Madero regime, and, having incurred the displeasure of Huerta, was forced to flee the country, and is now on his way to Los Angeles where his brother is a prominent Socialist leader. Later he will make his way into Mexico to join the Carranza forces as an army surgeon.

Dr. de Lara stated that Huerta has prepared a manifesto, which, at the time of his departure, was in the hands of the chief of police of Mexico City, ordering the arrest of about fifty former Maderists, and receiving word that his name was numbered among these delinquents.

Speaking of the situation in Mexico, Dr. de Lara said:

"It is my belief that Huerta cannot continue in power for more than two or three months at the utmost. Among the majority of the Mexican people, and even with his own men, he is decidedly unpopular, and it is common knowledge that his days as President are numbered."

TANGO IS FEATURE OF PLAY, "QUARTER OF FOUR"

SANTA ROSA, Nov. 11.—The Columbia theater was packed last night when society folk presented "Quarter of Four" for the benefit of the public park fund of the city of Santa Rosa. Every seat is bought for the second night, and it may be necessary to play a third night.

The play was a distinct success, also the tango dance and the "Kiss Me Waltz." Miss Erma Caga, Mrs. George O. Barnes, Miss Olive Wright, Leo O. Barnes, Paul Clark, Charles McDermott and Ed Dewey took the leading roles. The chorus was composed of sixty people.

SHOOT AT QUAIL, AND INJURES HIS RELATIVE

PETALUMA, Nov. 11.—Frank McDowell of Penn Grove was accidentally shot by his brother-in-law, David Craig, while hunting in the Sonoma mountains east of this city. A quail flew up between the two hunters, who were rather close together, and Craig raised his gun and fired. The bullet struck the bird McDowell came in range of his shotgun.

The charge struck McDowell in the face and chest and one shot penetrated the young man's left eye. The injured man was removed to the hospital.

ELECTION ORDINANCE IS VETOED BY MAYOR

LOS ANGELES, Nov. 11.—Declaring a drastic election ordinance passed by the city council "an unwarranted interference with the personal rights of citizens," Mayor Rose yesterday vetoed the measure.

The ordinance prohibited taking voters to the polls in hired automobiles unless the driver was a voter, and prohibited hiring precinct workers to distribute campaign literature.

FUGITIVE SMUGGLER IS GIVEN FREE PARDON

PORTLAND, Ore., Nov. 11.—On recommendation of Senators Chamberlain and Lane, the President yesterday pardoned William Dunbar, convicted at Portland twenty years ago on a charge of smuggling Chinese and opium into the United States, according to advice received here.

Dunbar jumped bail and fled to China, where he has been living ever since. American Consuls in China reported that Dunbar has been an exemplary citizen and recommended that a prison sentence be waived. This has been done, but when Dunbar returns to Portland he will be required to pay a fine of \$1000, as did others who were convicted with him and subsequently pardoned.

HORSE SHOW BOX FOR 4-YEAR-OLD FUGITIVE

WASHINGTON, Nov. 11.—Vinson Walsh McLean, probably the finest horse in the world, will occupy a box at the New York horse show. He will see his father, Edward Deale McLean of Washington, as an exhibitor, driving some of his blue ribboners.

With him in a box will be his mother and the Russian Ambassador, and Mme. Bakmeteff, his uncle and aunt.

"What made you reject that man?"

I asked an army sergeant on recruiting service, as a broad shouldered would-be soldier was turned away.

"Bad teeth!" replied the sergeant. You would be surprised to know that from six to eight percent of the recruits applying for enlistment in the U. S. Army within one year were rejected because of defective teeth alone. And that thirty-five percent of the dental cases in the U. S. Army were directly traceable to Colgate's.

Perfect cleanliness of the teeth is absolutely essential to Good Health. A pleasant, sure way to perfect cleanliness is the twice-a-day use of Colgate's Ribbon Dental Cream, and the twice a year visit to your dentist.

BERKELEY BEAUTIFUL

The Comprehensive System of Street Improvements Presented to Council.

First Step in Program of the Several Millions.

BERKELEY, Nov. 11. — A comprehensive system of street improvements was presented to the City Council this morning by E. Q. Turner, commissioner of public works, as the first step in the city beautiful program the council has planned to undertake. A sum of money necessary for the improvements will be appropriated by the city council.

Commissioner Turner in making his proposal, "the Panama-Pacific Exposition," said that the city of Berkeley is one of the best cities in the West.

"In less than 15 months," declared Commissioner Turner, "the city of Berkeley will be one of the most beautiful cities in the West."

The city beautiful program is one of the most important in the city's history, and it is one that will be remembered for many years to come.

EXTENSIVE PAVING RECOMMENDED

Commissioner Turner recommended first the paving of the following thoroughfares in the city:

Grove street from Alameda way to the south city line, Adelphi street from Ward to the south city line, Dwight way from Grove to Piedmont avenue, Bancroft way from Barrow street to College avenue and from Shattuck to Grove street, University avenue from College avenue to University street, University street from 100 feet west of Grove street to Third street, Addison street from Shattuck to Grove street, Center street from Alameda way to University street, and University street from Grove street to Third street.

MANY ELECTROLYTIC NEEDS.

"As the last two streets are the main thoroughfares in the city," continued Commissioner Turner, "I would also recommend that electrolytic be placed on Grove street, from College avenue to Grove street, Center street, from Shattuck to Grove street, University street, from College avenue to University street, and University street from Grove street to Third street.

The concluding recommendation of the commissioner was that the city should purchase the land on which the electrolytic is to be placed, and that the city should build the electrolytic.

HOW TO GET RID OF DYSPEPSIA

Don't Rely on Medicine! Don't Go on Freck Diet! Common Sense and an Antacid Usually All That Are Needed.

PHYSICIAN GIVES GOOD ADVICE.

"If you have dyspepsia, indigestion, sour stomach, belching, distress after eating, heartburn or any other stomach trouble due to hyperacidity (the usual cause of stomach trouble), you should take no medicine to get upon the stomach itself. That is positively the way to cure the trouble. Again, you should not starve yourself by going without nutritious food that you need to rebuild your tissues. Some foods are not good for people even when in perfect health—very rich, sweet, highly seasoned dishes. Avoid these, but eat fairly substantial meals of plain foods. Eat slowly. Even if you drink nothing but water, you should not drink with meals. Eat before eating. Do not take peppermint or other medicinal stimulants. If you follow the above directions, you will find that you will not need any medicine."

MRS. SLINGSBY WROTE
BABY AD, SAYS EXPERT

SAN FRANCISCO, Nov. 11.—Following a long study of the documents in the Slingsby baby substitution case, Carl Eisenach, handwriting expert, reported to Lieutenant Charles Slingsby yesterday that Mrs. Slingsby and none other wrote the advertisement which was published in San Francisco for a baby boy for adoption, within a few hours of the date of the supposed birth of "Teddy" Slingsby. CITIZENS PAY
TRIBUTE TO
GLASCOCK

Funeral Services for the Late Attorney Are Held in San Francisco.

The Bar Association to Hold Memorial Meeting Friday Morning.

Bench, bar and citizens from every walk of life in Oakland today united in paying their final tribute to the memory of the late John R. Glascock, former mayor of Oakland, and the oldest graduate of the University of California, who died at his

home in San Francisco at the Episcopal Church of St. Mary the Virgin, following which the body was brought to Oakland for cremation, which took place at the Oakland Crematorium. Brief private services were held at the crematory, where the remains of the well known and universally respected attorney and public official were converted to ashes for final rest. Relatives and friends and close friends attended the latter. The church service across the bay took place at 2 o'clock this afternoon at the church, at the corner of Union and Second streets, held in honor of the late mayor and former associate, in public and private life, of the deceased. Judges, attorneys, merchants and many citizens of all stations gathered at the bay to do honor to Oakland's former executive. Members of the Alameda County Bar Association, which at its meeting this morning adjourned out of respect to the memory of the deceased, were present.

Following the funeral services the casket was borne to the Oakland harbor ferry, on which it was conveyed across the bay. A hearse at the foot of Broadway bore it at once to the crematory.

BAR TO PAY TRIBUTE.

The final tribute of the Bar Association will be paid Friday morning when the organization will meet at 10 o'clock in Superior Court No. 2 to pass resolutions in memory of the departed. A committee, composed of Cary Howard, R. M. Fitzgerald and W. E. Davis has been appointed to draw up these.

The former mayor was one of the best known men in the State. He graduated from the University of California with the class of 1865, the second class in the history of the institution. He was member of four members. Subsequently, the degree of Master of Arts and L. L. D. were conferred upon him.

Rev. A. J. Perry, rector of St. Mary's, assisted by Rev. Edgar F. Gee, pastor in charge of St. Peter's chapel in Oakland, officiated at today's services.

MILL PERMIT IS
AGAIN IN ISSUE

The Planing Plant at Sixth and Jackson Streets Revives Clash.

Over the question as to whether a planing mill shall be permitted to be placed at Sixth and Jackson streets, residents and property owners of the neighborhood clashed with the firm of Schnebly, Hostawasser & Pedgrift contractors, backed by the Merchants' Exchange and the Manufacturers' Committee of the Chamber of Commerce. The residents were represented by Attorney William Walker, Charles Downey and others spoke in favor of permitting the contractors to locate their planing mill there, declaring that the general district was industrial.

The clash resulted in the proposition of passing an ordinance to the effect that no industrial plant should be located in the district. This was taken up over a year ago and is still under consideration. The promise was made that an industrial zone ordinance would be introduced in a short time, but it was explained that the council could not at the present time prevent the contractors from locating their planing mill. Mayor Mott offered a resolution that the city council would not offer any obstacle to the erection of a planing mill at this location. Commissioner Turner voted against the resolution.

Larsen, a Jeweler, today in an answer to the suit for divorce filed by Madge Larsen, against him. He denies everything in her complaint, declares that she refused to cook his meals and went to dance halls, leaving him to attend the baby. Finally she departed from his roof, he says.

BODY TO DISCUSS
CITY HARBOR PLAN

Mayor Mott, Commissioner Anderson and Committee-men to Meet.

Mayor Frank K. Mott, Commissioner Harry S. Anderson and the rest of the Commercial Club's harbor development committee will meet tomorrow at noon on the mezzanine floor of the Hotel Oakland to further discuss the Rees plan, the plans adopted from the reports of Assistant City Engineer Risley and the remainder of the problems dealing with the development of the city's shipping facilities.

Preliminary conferences have been held with the result that a policy has been formed which will not interfere with the Rees plans and will include the establishment of a series of piers extending westward from the bulkhead line of the Key Route basin.

The city administration will, probably following tomorrow's meeting, be asked to adopt the plans and suggestions of the club, the argument being that speedy work means placing Oakland in a position to bid for the coming canal commerce at an earlier date.

FRUITVALE REDMEN TO
HOLD BANQUET FRIDAY

FRUITVALE, Nov. 11.—Fruitvale Abolitionists will hold a banquet Friday, November 14, at the Masonic hall. Several of the great chiefs from San Francisco will address the gathering. A committee headed by Fred Jordar will superintend the affair, which is expected to be one of the largest social affairs held by the local Redmen this season.

The Quickest, Simplest
Cough Remedy
Easily and Cheaply Made at
Home. Saves You \$2.

This plan makes a pint of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually conquers an ordinary cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is good for children like it is an excellent remedy, too, for whooping cough, spasmodic croup and bronchial asthma.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (15 cents worth) in a pint bottle, and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three times a day.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is a most valuable concentrated compound of Norway white pine extract, and is rich in quassia and other natural healing elements. Other preparations will not work in this combination.

The prompt results from this mixture have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully. A guarantee of absolute satisfaction.

This preparation. Your druggist has Pinex, or will get it for you. If not, get it from The Pinex Co., St. Wayne, Ind.

MEXICAN RAILWAY

STILL 'HANDS OFF!'

Situation Interpreted as Vexing Hint to Powers

WASHINGTON, Nov. 11.—Indications today were that the American policy toward Mexico, which it is hoped the nations of the world generally would follow, still was "hands off." The general interpretation of the situation was that the United States by giving foreign powers detailed information of its own determination to refuse to recognize the acts of the new Mexican congress, had indicated a desire that the powers generally refrain from financial dealings with the Huerta government.

So far as could be learned there has been no specific request for support by the powers, but there has been a plain intimation that the Washington government believes the collapse of the Huerta regime inevitable if foreign aid is withheld.

The cabinet met again today with all members present except Secretary Wilson. The Mexican topic was fore-

BATTLESHIP NOT FOR MEXICO.

BERLIN, Nov. 11.—It was officially declared at the foreign office here today that the German government does not intend to send any more warships to Mexico. "The battleship Kaiser and the cruiser Strassburg, which have been ordered to the Gulf of Mexico, are not to visit Mexico," it was stated. "Their cruises for purely technical and non-political reasons."

ISSUES SIGNIFICANT WARNING.

LONDON, Nov. 11.—A significant warning to President Huerta was issued today by the Westminster Gazette, the government newspaper. Commenting on Premier Asquith's Guild Hall speech, in which he made it plain that antagonism exists between England and the United States in regard to Mexico, the Gazette says: "The only valid election in the sense in which the word is used in constitutional countries, understand the word—can be held in Mexico is probably a diplomatic fiction, but the electoral test of General Huerta's own choosing, and it is well to keep him reminded of his failure to conform to its results, and all governments tend to reconsider their act of recognition."

"Briefly, the lists of British action are that the British government should not put itself in a position of making promises which it is unable to fulfill. But diplomacy has other resources than force and force and Provisional President Huerta may easily find that the attitude of this country is, in a variety of ways, a matter of great moment to him."

AMERICANS HAVE NOGALES.

NOGALES, Sonora, Nov. 11.—A little group of Americans departed today to return to their homes in the Yaqui river district in Southern Sonora. They were among the 100 Americans who arrived two months ago on the El Paso, California, and were the first of the refugees who returned to their homes in the district which normally is populated thickly with Americans. The women had it the breakfast dishes unwashed; the men left the stock unfed. What they will find upon their return is not foretold.

ZAPATA AGAIN SURRENDERING.

MEXICO CITY, Nov. 11.—Emilia Zapata, the rebel wife operations have caused the government so much trouble in the southern states, as again on the point of surrendering, according to official information issued today. A contrary report from Zapata said to have arrived without Provisional President Huerta, who offered the rebel a safeconduct to the central capital in order to continue peace.

TROOPS FOR ORDER.

LEAVENWORTH, Kan., Nov. 11.—The Second squadron of the Fifteenth Cavalry, under command of Captain Caspar C. Cole, left for Leavenworth today over the Union Pacific, to relieve a squadron of the Fifth Cavalry on the Mexican border.

TROOPS LEAVE FOR IRVINGTON.

TUCSON, Ariz., Nov. 11.—J. D. Somerfield, a former set agent of Madero and now said to be herding the constitutional chief Caniza in the same capacity, arrived in El Paso today to meet William Hale, the American government representative on the border. Hale and Somerfield denied they had discussed the Mexican situation.

BATTLESHIP TO VEI CRUZ.

VERA CRUZ, Mexico, Nov. 11.—The battleship Louisiana was dispatched from here today to Tampam in response to another unit appeal for protection received late last night from Arthur C. Payne, United States consular agent here. The ship was expected to arrive in Tampam by tomorrow.

COMMERCE CHAMBERMEN
ADDRESS GROWER MEET

W. E. Gibson, president of the Oakland Chamber of Commerce at 5 P. M. today, a director of the semi-annual meeting of the Growers and Merchants Association. Alameda county last evening in that organization's headquarters at 1512 Broadway. Gibson took part in a general discussion of the things that could be accomplished by the association.

WOULD ENJOIN BAREK
WHIPPING IN DEL/ARE

WASHINGTON, Nov. 11.—Rebeck whipping of six Delaware coats at New Castle, on November 8, left a resolution from Congressman As. of Montana, today, proposing that Attorney-General McKim should bring action proceeding to the state Delaware to enforce the constitutional prohibition against "cruel and inhuman punishment."

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is a most valuable concentrated compound of Norway white pine extract, and is rich in quassia and other natural healing elements. Other preparations will not work in this combination.

MOTHER! GIVE CROSS SICK CHILD
ONLY "CALIFORNIA SYRUP OF FIGS"

If Peevish, Feverish, Tongue Coated, Give "Fruit Laxative" at Once.

No matter what ails your child a laxative should be the first treatment given.

Look at the tongue, mother! If coated, it is a sure sign your "little one's" stomach, liver and bowels need a gentle but thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is sour, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs" and in just a few hours all the clogged-up, constipated

waste, sour bile and undigested food will gently move out of the bowels and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless fruit laxative. Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

Charles Sheppard, a striker implicated by five prisoners who confessed yesterday, was arrested at La Veta and brought to Walsenburg early today. Soon after his arrival Sheppard admitted his complicity in the shooting, according to the militia authorities, and told a story similar to the account related by the other five.

McManigal and James McNamara were carrying on their work of destruction in the central and far west.

TRIED TO "GET EVEN."

"Dear Miss Blake: I have been bothered with two fellows and I like them both and also know that both are interested in me, but I have had a considerable lot to do lately, but I don't know how to stand to go with me if I have anything to do with the matter. The people are tried about this, knowing all what both fellows said and I don't know if they are very close fellows, but what I want to know is this, in asking your advice will call them A. and B. B. is very angry because I have been going with both of them, and I don't know if you have any suggestions at a dance the other night if that he tried to 'get even.' In the first place, B. refused to enter my sister's apartment when I had a stop over there, but he tried to dance with me, and if he was not good enough to have even one know that he was going out with me (with reference to A.), I had better not let anyone know about it. I think I am very foolish, don't you? Then, at the dance, he continually bragged about a other girl, for whom I know positive that he cares nothing. I was not jealous."

He said that he was not going to come home that night I told him that I did not care for his company any more. I certainly felt awful and said he was sorry for not doing as I had asked him to do. He said he was again, to take things over, but I told him that I did not care to. He argued, but I would not give in to. In the least, and finally he broke down and cried until it almost made me sick. I told him to get up and go to bed. He did not say yes, and this morning I received a letter from him, being a repeated apology and in which he told me how much he thinks of me. I feel very sorry for him but do not want him to think that I am not his friend. I am sure that he will be as willing patiently for an answer, before answering I wish to have you give me your opinion. I will give you my kind advice. V.L.E.

These two are agreed to be married to him, neither one of the young men has any money, and I am sure that they are both of the other one, unless

of your friendship, and in that case I honest thing for him to do would be to tell you the reason for his objection.

CALLS THREE TIMES A WEEK.

"Dear Miss Blake: I am a young la who keeps steady company with a you man. How many times a week do I think this young man ought to call up me and how late should he stay if he calls two or three times a week? If I not care any more for this young m than as a friend would you advise dropping his company?" CAROLINE

enough for him to call upon you. If you care for his friendship there is no reason why you should give it up. Of course his frequent calls will naturally result in the impression that you are engaged as you will lose out with your other friends.

In the superior court here yesterday answer to a charge of having murdered his wife, Mary Olsen Larsen, by beating her to death with a beer bottle on the Verdugo hills last summer.

Officers declared they had a perfect case of circumstantial evidence against Larsen, but his attorneys will try to establish an alibi for him. The principal witness against him will be his 17-year-old daughter. She is expected to testify that her mother told her to "see that her father was punished if anything had happened to her."

BATHING FOR BEAUTY

HERE can be no grace without elasticity, for elasticity is one of the secrets of beauty. The limbs, flesh, nerves and brain must be elastic. Great care is required in the choice of a masseuse. By no means retain a rubber whose magnetic forces are of a lower grade than your own. DISCUSS SOCIAL EVILS AND REMEDIES

Dr. H. E. Pratt Voices Conclusion That Disease of Nerves Often Is Factor.

MINNEAPOLIS, Nov. 11.—Social evils can be stamped out as positively and easily as smallpox or yellow fever, but it must be along scientific lines and with the fullest recognition of actual causes and conditions, said Dr. H. E. Pratt of Hartford, Conn., in his address to the International Purity Congress today.

"This can be done by coercion, segregation and higher recognition of the causes which exist in every community."

Dr. H. E. Pratt of Chicago described the new forces of human system which he termed "live wires." His address related to immorality in schools.

The conclusions reached by the speaker were that much of the immorality in schools is caused by disarrangements of the nerves and should be treated by a physician.

HOW TO CLEAN A CITY.

Rev. W. H. Blanche, D. D., of Davenport, Iowa, read an address on "How to Clean Up a City," telling of the Civic Federation's work of reform in Davenport and enunciating the following rules of procedure under which its campaign to procure law enforcement was carried out:

First—One thing at a time.

Two—Never into court without ironclad legal evidence.

Third—No compromise with the law.

The federation's persistent fight against illegal saloons, dives and gambling houses was graphically related by Mr. Blanche, who praised the results of the campaign.

Social conditions in Europe was the topic of an address last night by Mrs. Catherine Booth-Clifford, daughter of the late General William Booth of the Salvation Army. She discussed especially the solution in Belgium and France.

WASHINGTON EXTENSION UP TO COMMISSIONERS

The executive committee of the Down Town Association last night unanimously voted to appeal to the State Railroad Commission in an effort to force the San Francisco-Oakland Terminal Railway to run their tracks through the opened space on Washington street San Pablo avenue. The petition, today being circulated by the association, asks the commission to order the company to apply for a franchise for this extension.

The committee reported that the proposed price of \$10,000, said to be necessary for the opening as planned by the city, seems too high, and urges that the state body take up the matter. The committee is composed of Louis Abernethy, chairman; H. Berovich, J. H. Lesser, W. B. Quigley, W. H. Henry, E. C. Kerner, Montell Taylor, Fred S. Osmond, D. Knabbe, Frank Miller, C. S. Hegman, A. K. Derge, H. A. Borchert and Harry Rogers. The petition will be filed with the commission, signed by Washington street merchants, some time this week, according to Secretary Edwin Stearns.

Ferryboat Mystery Is Probable Suicide

ALAMEDA, Nov. 11.—Another bay mystery developed at an early hour this morning, when a vest, coat, overcoat, hat and lunch basket were found on a seat on the upper deck of the ferry steamer Bay City. It is believed that the owner of the articles plunged to his death from the ferryboat, although the act, as far as is known, was not witnessed.

The only clue which the authorities have to work upon are the initials in the hatband, "F.M.G." The owner had evidently taken the 5:20 o'clock train from this city and the 5:40 boat from Alameda.

The bodies and lunch were not discovered until the return trip of the Bay City, which left Alameda mole at 6:15 o'clock.

The coffee in a bottle, which carried the label of "Prosser's Pharmacy," formerly in this city, was still hot when the discovery was made.

The police have been notified of the mystery and are endeavoring to locate the owner.

McGuire and Burgard Called in Tammany Case

NEW YORK, Nov. 11.—George H. McGuire of Syracuse and Henry P. Burgard of Buffalo were among the important witnesses called today at the resumption of the John Doe inquiry into charges of Tammany corruption made during the recent municipal campaign.

It was McGuire, according to John W. Hennessy, Sulzer's graft investigator, who gave him much of his information concerning Tammany's alleged "sandbagging" of upstate contractors. Burgard is one of the contractors named as having been forced to contribute. McGuire was on the stand when the hearing adjourned last week. At the time he denied he had given Hennessy any such information.

Walsh is 65 years old and his proud boast is that since 1881 he has taken no medicine; instead, he has walked.

FILED POLICE MUST STAND TRIAL

Penalty Charge Denied by Judge Dunne.

Officers Sullivan, Droulette, Josephs and McHugh to Face Accusations.

SAN FRANCISCO, Nov. 11.—Police Officer John H. Sullivan, John L. Droulette, Charles J. Josephs and William McHugh will have to stand their trial for grand larceny. Superior Judge Dunne so decided this morning by denying a motion twice made by District Attorney Fickert, to dismiss the charges for lack of evidence. The four officers are alleged members of the police-Italian bunco ring, who are alleged to have cleaned up several thousand dollars here. They are now serving nine months in the county jail for conspiracy to commit crime. The specific charge upon which they will be tried is the alleged theft of \$2100 from John Minard, September 15, 1912.

This morning Assistant District Attorney Berry submitted a statement of the evidence in his possession. The court looked it over in chambers, and asked Berry if he had anything to add to it. The prosecutor replied that he had not and that there was no corroborative evidence. The only testimony is that of accomplices.

"The District Attorney has made up his mind not to try these cases, is that correct Mr. Berry?" inquired the court.

"No, your Honor. If the court orders us to try them we will try them for all we are worth," was the reply.

"Very well then, the motion is denied. I will continue these cases one week to be set."

BOMBS CONTAINED CONFETTI 'POWDER'

Police Handle Them Gingerly Until They Discover Their Mistake.

SAN FRANCISCO, Nov. 11.—Three wicked looking bombs were carried in to police headquarters this morning. Not only were they handled gingerly by two of San Francisco's bravest detectives, but they scared Joseph J. Smith almost to death.

Smith hired a room at the Magnolia Hotel, 371 Fifth street, last night. When he awoke he was startled to see the fuses attached to the dangerous looking bombs under his bed.

Smith hid in an overcoat and ran to the street. He appeared at the Southern station gasping wildly. Sergeant John Collins was sent with him to the hotel.

The officer was careful in picking up the bombs, and it was with the aid of Detective Mackey and Dave Murphy that they finally reached police headquarters. Each officer carried a bomb. They presented a ferocious appearance. Finally Mackey removed a portion of one of the "instruments of death," and found that it contained a little black powder and a filler of confetti. Smith was much relieved when he found that the black hand was not after him as he had supposed.

BERT DE HAVEN STEALS MARCH; GETS MARRIED

SAN FRANCISCO, Nov. 11.—Stealing a march on his friends and associates, Bert L. DeHaven, reporter in Joseph P. Moran's court, obtained a license and married Agnes E. River in Oakland, October 4. The ceremony was performed by Father Dempsey of St. Mary's church, and it was not until weeks afterwards that the secret leaked out. Only today the fact of the issuance of the marriage license and the place where the ceremony was performed was revealed.

Miss River, who is related by marriage to Dr. Gerald Fitzgibbon of this city, comes of a powerful family of Hayward. She has, however, been living in this city for some time. De Haven was a confirmed bachelor and did not even whisper his secret to Judge Moran, his closest friend. The jurist discovered it by accident ten days later and De Haven beseeched him to keep quiet.

WOULD USE ARTS TO CONQUER LIQUOR

Music, Recreation and Literature Best Antidotes, Says Prof.

UNIVERSITY OF CALIFORNIA, Nov. 11.—Psychologically, in the opinion of Professor C. E. Ruth of the university, the human system craves stimulus, and some enthusiasm must be substituted for that which alcohol engenders if the hurt of intemperance is to be removed. This opinion he advanced in a lecture at California Hall yesterday afternoon.

"Education and stimulation by music, literature, art, by play and recreation, can do much to eliminate the craving for drink. It is in such education and its vitalization that educators may best assist the cause of abstinence."

The address was the third from the last in the series on "Social Aspects of the Liquor Problem," which has been conducted during this semester. Professor Ruth's topic was "The Relation of Liquor to Education."

"Many scientific tests have recently been made," he declared, "to ascertain the effect of alcohol on such psychological processes as attention, association, can do much to eliminate the craving for drink. It is in such education and its vitalization that educators may best assist the cause of abstinence."

The impulse to drink is deep-seated and it never can be rooted out by legislation. The effect of a drink of liquor is to take the conscious, judgment, and this rise is always followed by a reaction. It is in this intensifying of the consciousness, this vivifying of the senses, that the liquorist finds his drug, and that the lure of liquor lies."

WOMAN'S SLAYER PLEADS INSANITY

Confessed Murderer of Mrs. Gay on Trial in South

LOS ANGELES, Nov. 11.—Having confessed the crime, Burr Laford Harris, the young negro who beat Mrs. Rebecca P. Gay, a Christian Science practitioner, to death in her office two months ago, went to trial in the Superior Court today, determined to plead irresponsibility.

To bolster this plea the negro's attorney was prepared to cite a series of offenses which the prisoner had previously committed to support the theory of recurrent insanity. But in the meantime the state marshaled witnesses by whom it sought to show that Harris was sane enough to have taken precautions against discovery when he entered Mrs. Gay's office September 25 last and crushed her head with a piece of gaspipe.

Harris had been arrested several times prior to the death of Mrs. Gay and when accused of having murdered her he confessed, and likewise admitted having sent poison to Miss Helen Mathewson, a wealthy former employer, and also having tried to burn a hotel in which she was interested. He was acquitted when brought to trial for these offenses and in the present case asserted that he suffered periodic attacks of insanity, during which he experienced over-

CUPID AT WORK IN BIG CHURCH CHOIRS

Several Weddings Due in Fruitvale in the Near Future

FRUITVALE, Nov. 11.—As Cupid is said to look upon sweet music as one of his strongest aids, it is perhaps natural that the choirs of several Fruitvale churches should have been happy hunting grounds for the little love god. Two choir weddings are due to come off here in the near future, while one has just been solemnized. Rumor has it that still more engagements among local vocal talent will be announced before long.

Tuesday, November 25, has been set as the date of the wedding of Miss Laura White and David Graves, two active workers in Fruitvale Congregational church choir, of which Graves is leader. The wedding will be held in the church and will be attended by a large number of the congregation. Special music is being arranged by the choir for the occasion.

Both Graves and Miss White are talented vocalists. Miss White is a daughter of Mr. and Mrs. W. L. White of Blossom street and is employed as a stenographer.

Graves is partner in the firm of Spear & Graves in San Francisco.

The engagement has just been announced of Miss Gladys Hudson and Hubert Hood, another two prominent members of the Congregational church choir. Announcement of the engagement was made at an affair given in Miss Hudson's honor. No date has yet been set for the wedding.

It was designed by the state to offset the insanity evidence by showing that Harris had taken care to lock the door from the inside and make other arrangements to prevent discovery, but that he had her office. Their testimony was that he had her office. Their testimony was that he had her office.

IRON HAND PROTECTS PEOPLE

Russian Authorities Determined to Suppress Disorder

Beiliss Released From Jail; Meets Wife and Children

KIEV, Nov. 11.—Armed Cossacks still patrolled the streets of Kiev this morning. The patrol extended far into the outlying suburban districts. No disturbances occurred during the night. The authorities announced that they would suppress with an iron hand any disorder which might be instigated by the numerous anti-Semitic agitators in the city.

Mendel Beiliss, acquitted by the jury last evening, spent the night with a large party of relatives and friends in the home of the superintendent of the Zaitoff brick works, where he was formerly employed. Beiliss was quietly released from jail at a late hour last night and was taken to the Zaitoff plant, where his wife and family awaited him. The manager of the brick company put the superintendent's home at their disposal for the time being.

HEARS VERDICT: SOBS.

Beiliss was standing with his hands on the dock rails yesterday when the verdict was brought in. He seemed to be in a state of coma, but was striving to collect his wits and comprehend what was being said. When he realized the meaning of the verdict he fell back into his seat, sobbing convulsively. His counsel approached the dock and shook hands with him warmly.

The strictest precautions had been taken to prevent unauthorized persons from gaining access to the court. The police were in great force, both within and outside the building.

While the jury was deliberating a memorial service for the murdered boy Yushinsky was being held in St. Sophia cathedral, within a stone's throw of the court. The cathedral was thronged with a great crowd and the bishop delivered a formal address in which he dwelt upon the crime. He said that the authorities had made a most minute investigation and he urged the people to conform to the court's decision, whatever it might be.

All afternoon the streets of Kiev were crowded and after the verdict was pronounced the police dispersed numerous gatherings all over the city.

Anti-Semitic agitators, many of whom are students, are openly inciting mobs by affirming that the Jews purchased the verdict. The governor of Kiev, however, called for a meeting of representatives of the Jews and promised that every effort would be made to prevent outbreaks. He asked that the Jews on their part eschew jubilant demonstrations.

Sailor Sleeps on Tracks And Is Killed by Train

SAN FRANCISCO, Nov. 11.—Startled from sleep by the whistle of a locomotive on the belt line railroad early this morning, a sailor, believed to be Albert Bengtson, staggered in front of the locomotive and was cut to pieces. Bengtson had evidently been sitting on a fence a few feet away from the tracks at Mission street and the Embarcadero. He must have dozed off and the screaming sound of the whistle roused him. Becoming confused he stepped in the path of the train. Death was instantaneous. A. W. Loebe, the engineer, was arrested and charged with manslaughter.

Featherweights Ready for Ten Round Clash at West Oakland Club

THIRTY-TWO ROUNDS OF BOXING CAPPED BY FEATHERS

Simpson's Card Will Draw the Fans to West Oakland Club Tomorrow Night

By THE TIMEKEEPER. THE West Oakland Club will be the Mecca of the boxing fans tomorrow.

row night when Manager Tommy Simpson will provide a card of five bouts, comprising thirty-two rounds of boxing. Every bout looks like the real candy and some fast and interesting milling is being looked forward to by the fans.

On the top of the bill appear the names of Jimmy Hogan and Billy Fitz. Both of youngsters who weigh 115 pounds and are recognized as the best lads of their inches in this part of the country. The various matchmakers of the bay cities have been trying to land this pair for a long time but some summer about the weight or division of the sports has been before kept them from placing their names to a set of articles.

Through the efforts of "Tim" Cawley, however, the boys have been brought to the signing point and with both in the very best condition they should be able to forever settle the question of supremacy tomorrow night. The ten-round bout will not be either of them and the distance will be just long enough to provide a winner. Both boys have starred in the four-round game across the bay and have been trimming all opponents of late, so the winner of tomorrow night's contest will be hailed as the champion 115-pounder of the bay district.

The Fritz Holland-Dick Clark match should be a real humdinger. Holland will be giving away some weight to the Duke party but Fritz knows the game so well that he figures his experience will more than offset the weight advantage of Clark. Holland is a tall, rangy boxer who does his best work in the open. While Clark is a terror at the infighting. Kid Bonaparte, who is the nearest thing to perpetual motion in the ring today, will meet a tough youngster in Walter McDowell. Walter has been winning with a knockout in his last fight and is expected to stand a good chance of stopping the winning streak of the Expositio kid.

George Mason, who is touted by Bob Shand as one of the most promising pounders he has ever seen, will give Jimmy Hogan a hard time. Hogan is a very fast and powerful fighter and is expected to give the champion a good workout. Hogan is a very fast and powerful fighter and is expected to give the champion a good workout.

"Frank" Valse, lightweight champion of all Canada, put in a busy day at the Oakland Athletic club yesterday preparing himself for his ten-round contest with Joe Azevedo, which will be the headline on the West Oakland club's card tomorrow night. Valse is a very fast and powerful fighter and is expected to give the champion a good workout.

Bob Shand brought back a flock of good stories from Amador county, where he landed George Mason in his bout with Wolverine. The fight took place in the "cupy house," where on other occasions is used as a motion picture show. The fight was a very close one and in order to make room for rinside seats the ring was only 15 feet square. The leading lights of the county crowded the seats on the stage and their knees were sticking through the ropes, making it necessary for the boxers to be careful when advancing or retreating. Instead of having felt below the canvas the ring was "handed" with a sack of sawdust, which only made the fight more difficult.

RITCHIE RETAINS TITLE KNOCKING CROSS DOWN TWICE IN THIRD

NEW YORK, Nov. 11.—While Ritchie, lightweight champion of the world, defeated Leach Cross of this city in a ten-round bout, which went the limit, at Madison Square Garden last night.

The men weighed in at 135 pounds, both under the stipulated weight of 140 pounds. The ringside weights were announced as Ritchie 137 1/2 pounds and Cross 137 1/2 pounds.

With the exception of the first round, which was even, and the eighth, in which Cross had a decided advantage, Ritchie held the honors.

In the second, after a mixup, Ritchie fell backward on his shoulders over Cross, who was in a stooping position. Though the fall was a heavy one, Ritchie did not seem to be much the worse for it.

Cross down twice, each time for the count of nine. The first fall was from a right smash on the jaw followed by a right left uppercut. After Cross had regained his feet Ritchie rushed him across the ring and put him down again with another smash which was more of a shove than a blow.

When Cross got up he caught Ritchie with a hard left hook on the jaw. It almost lifted the champion off his feet. Cross, rushing again, forced Ritchie to the ropes.

It looked in this round as if Ritchie would win, but Cross was full of fight, and his power of recuperation surprised the western boy as well as the spectators.

From the fourth round to the end of the seventh Cross received most of the punishment, but he kept Ritchie busy, and the fighting all through was hard and fast. Cross apparently did not mind the stiff blows he was receiving, continuing to attack with a will to use his deadly right swing. A chance to do so never came.

ST. MARY'S IS SNUBBED WHEN ALL-STAR TEAM IS NAMED

The committee selected to name the all-star rugby 15 of California which will meet the All-Blacks, Saturday afternoon, at 1:30 o'clock on California field, has very calmly and effectively snubbed St. Mary's college, not one representative from that institution being named by the rugby union as even eligible for the all-star team.

In view of the exhibitions put up by the local colleges it seems as though the committee in whose hands the selection was put, might at least give St. Mary's the opportunity of having a representative at the final tryout.

Santa Clara, which some contend, has a team better than that of Stanford, was at least two places. Volske being placed at right middle rank and Haggard at full back.

Pearl of California would be chosen to handle fullback, but the committee judged otherwise, believing that he can work to better advantage at left wing. The fans, with the exception of those supporting St. Mary's, appear to be fairly well pleased over the work of the selection committee. The rugby union, under whose auspices the game Saturday is being conducted, has decided to reserve 500 seats at one hour, a throw, leaving 500 seats at 30 cents.

The team as selected follows: Half (Stanford) left front rank, McKim (California) middle front rank, Gasscock (Maristians) right front rank, Blase (Stanford) right middle rank, Volske (Santa Clara) right middle rank.

Guard (Stanford) left breakaway, Dardie (Stanford) right breakaway, Cass (Olympic club) halfback, St. Mary's (Los Angeles Athletic club) inside full back.

Austin (Stanford) outside five, Pearl (California) left wing, Carroll (Stanford) center three, Urban (Stanford) right wing, Barrow (Santa Clara) fullback.

SUBSTITUTES: Quill (Santa Clara), Haley (Olympic club), Pearl (California), Dardie (Stanford), Knowles (Olympic club), Titans (Barbarians), Stolz (Olympic club), S. Forbes (Olympic club and Titans).

'SAMOAN KID' EAGER TO DO BATTLE WITH LOCAL LIGHTWEIGHTS

TO THE TIMEKEEPER: I hope that you can spare me space in your valuable paper for this article which has been sanctioned by former heavyweight champion of the world, Frankie Neil.

There are so many "home champs" and near champs in the lightweight division boxing at the local amateur clubs that I have decided to try conclusion with a few of them.

I would like to meet Jimmy Drexel, Omaha's best lightweight, as he has been heralded as a great boxer. I will be willing to abide by his, Nolla's experience, and will wager on my chances.

Having taken instruction in boxing from Frankie Neil, he has given me a few pointers so you will see that I must be better than bunk. Any arrangements for a match can be made by addressing Neil at 1011 Harper street, Oakland.

(Signed) "THE SAMOAN KID."

HOGAN BUYS MAN WHO INSULTED HIM ON DIAMOND

But "Happy" Had No One But Himself to Blame When Leard Spat on Him.

Bill Leard's sale to the Venice club should serve as an object lesson to Coast league players. If you want Happy Hogan to buy you, spit in his eye. That's what Leard did in the last series between Venice and Oakland in the fall of 1912 when Oakland won the championship.

Hogan has been trying throughout the game to corral the William goat. Whenever he passed the Oakland bench it was always with some such remark as: "Back to the bushes, why don't you get a second baseman?" etc. The remarks were at Leard's head, and the latter's mock began to turn a gay scowl.

Finally, after a particularly venomous insult, Leard appealed to the umpire to throw Hogan out of the game. The umpire was unimpressed, that day, professed not to have heard Hogan's abuse, whereupon Leard prepared to throw us both out.

No longer able to stand the insult, Hogan walked up to the man who had been making the remarks and delivered a showered the Hogan countenance with tobacco juice. Of course, there was a fight at once, and both players were thrown out of the game and plastered with fines.

Now Hogan has shown his regard for Leard by buying him outright from the Venice club. Perhaps he wants to get even with him.

I met an Oakland fanny. Whose peepers swollen were. And as I snubbed her lamps a bit I sought to jolly her. "Me gel, you must you spring a leak. Andness up all the water? Nix on the irrigation stuff. Pray wise me to the squawk!"

She dried her eyes upon my vest, Then spoiled my Sunday tie. And not until she had my watch Did she design this reply:

"O I feel sad for Gyp the Blood. Alas Whispering Will. Sometimes they call him Willie Leard. But most times simply Bill. To think that such a clever geek Should meet a fate so ill!"

Said I: "Me gel, it's doubtless sad, Did poor Bill go clean nuts? Or did he shuffle off the coil With poison, gun or cuts?"

The fanny slipped her hat pin out And made me very ill. "Those tales were all too good," she chirped. "The Tickers got poor Bill."

Leard has joined the school for incorrigibles presided over by "Procy" Hogan. Amongst the faculty are "Bordy" Elliot, "Rip" Patterson, "Pat" O'Rourke, "Walter" Carlisle, "Cecil" Ferguson, "Spec" Harkness and "Speed" McDonnell. Koestner was a star member of the class, but he has been drafted.

Having successfully tackled Santa Clara, the Oaks are now girding themselves for a clash with the Napa team. If they can down our up-country friends then there will be at least two towns whom we will try and vote into the Coast League next season.

Too bad Santa Cruz was not entered in the Coast League last year. O Brothers in Bloomers, just harken a bit.

It's sometimes important to know how to spit. Consider the spitter, who spouts on the ball. Without his saliva he's nothing at all. Observe how the shortstop will dampen his mitt.

With oodles, yes oodles, of nothing but spit. Take note of the slugger who comes up to bat. You never saw one who neglected to spit.

On both of his palms and the end of his chin. With dirt by the handful to help rub it in. And brothers, O brothers, if you're facing disaster, Be sure you take aim at the enemy's face.

And remember, remember, Bill Leard, when you spit: He was bought by the fellow on whom it had hit! So Brothers in Bloomers, just hark to it.

If you know how to spit, why you can't get in wrong. Observing the All-California line-up as selected through the agency of the Rugby Union we are prone to believe that said organization is not a union. It's a trust.

Despite the fact that no St. Mary's College Rugby player was considered even eligible for selection to the All-California team the institution will stagger along despite the blow and may even recover in time.

MORRIS RATH AND "BUCK" WEAVER, WHO WILL BE SEEN IN ACTION HERE THURSDAY WITH THE WHITE SOX. WEAVER IS A FORMER ALL-STAR. RATH MAY MANAGE THE KANSAS CITY TEAM NEXT YEAR.

ORIGINALS MAKE 1913 DEBUT SUNDAY ON 'GRID' Oakland Intercollegiate Team Will Defend Championship Title

Next Sunday will mark the initial appearance of the Originals this season. The American football aggregation of Oakland, which carried off all the honors around the bay region last year. They will line up against the Brooklyn team at the St. Ignace college grounds near Alameda street, at 1:30 p. m. in San Francisco.

The Originals have been recognized for the past three years as the big contenders for championship honors and other local teams have been clear of them until a sort of elimination process has been worked out each season for the opportunity of going up against the Originals in the final games of the season.

The Brooklyn team has won every game this season with the exception of the game to the Vallejo team on November 2, which the Brooklyn boys claim was theirs until the last when an unexpected fluke threw the victory to the Vallejo outfit.

The Originals are in good condition, having kept in training in readiness for the contention for championship honors. Their lineup is the same as it has been for the last three years with the exception of Dave Allen, Gus Allen and Harold Dow. Dow and D. Allen have retired to the simple life, while Allen is likely to join the Vallejo team, as they have been making attractive overtures to that end. Smylie and Stewart at end and Dick Brown at center will make their places, and have been showing splendid form in practice.

The rival Brooklyn and Original clans will have strong representation at the game next Sunday afternoon and an exciting battle is expected when these fast exponents of the old and popular style of pluck sport come together.

The rumor that Arthur Devlin may be succeeded this year in the management of the Oakland baseball club by someone for whom President Leavitt was searching, is too ridiculous to need denial, except for the fact that the story has found its way into print.

Just before leaving for Columbus, Leavitt consulted with a number of newspaper associates, and students of baseball to learn their opinion of Devlin, the characteristics he had shown in the brief time he had been with the club. The verdict was so unanimously favorable that the Oakland club owners were convinced that they had made no mistake.

The report that Devlin might not be with Oakland next year doubtless arose through the fact that the ex-Giant did not sign a contract with the Oakland National League team. But that was not because he was on probation, but merely because he could not sign until waivers had been secured from the National League. The going ways, and these did not come until the close of the season.

Undoubtedly there was some dissatisfaction amongst the members of last year's Oakland team over the rude awakening they received when Devlin took hold of the reins. They were accused of being "Mitt's" one going ways. Devlin will very probably weed out some of those who showed their resentment. In fact the Devlin has started already. Next year, Devlin will be in command of the Oaks, and every man on the team will know that he is in command.

FARRELL PRESENTS LIST OF FRATERNITY'S DEMANDS COLUMBUS, Ohio, Nov. 11.—After hours snow bound at Cleveland for 26 hours, John H. Farrell, secretary of the National Association, joined the throng of baseball men already here for the convention of the National Association of Professional Baseball Clubs.

When an arbitration board of the National Association of Baseball Leagues met this afternoon, one hundred and sixty-seven cases were on the list for consideration, according to a statement made this morning by Secretary Treasurer John S. Farrell of Auburn, New York, in addition to filing his annual report. Secretary Farrell presented the new demands of the Fraternity of Baseball Players.

Christy Mathewson's name heads the list of signers to the arguments presented by the Fraternity players.

FAMED BASEBALL TROUPE WILL BE AMONGST US THURSDAY

Many Celebrities Coming Under Guidance of "Jawn" McGraw and Callahan.

Unless it should be so unkind as to rain, local fans will have the opportunity Thursday afternoon of seeing the new Oakland Intercollegiate team.

big league talent than it has ever known. Tomorrow the Giants and White Sox will swat each other at the State Capital, and the following day will find them the guests of this city. San Francisco fans who are over-anxious to see the distinguished visitors will either have to come to Oakland or cool their heels for twenty-four hours.

The general hope is expressed that "Christy" Mathewson will pitch Thursday afternoon.

The peerless Matty is one of the few players in the country who will not work on Sunday. Although there is no clause to that effect in his contract, McGraw always respects the wishes of his pitching star.

If Matty should pitch Thursday in Oakland he will be opposed probably by "Death Valley" Scott, or Joe Benz. It is a far cry to four years ago when the Athletics and the All-Stars released us with big league exhibition games, and local fans are thirsty for a glimpse of the game's greatest heroes. Of local players who will arrive here Thursday, the headlines are undoubtedly McGraw and Christy Mathewson. Fans all over the country are familiar with his efforts to command the New York Giants in sundry world's series. Matty is the greatest of his kind, and the way he is beating on his kind, he is going to get much about Matty's "long and honorable service" in the game. Matty has been well paid for being a great pitcher.

will convince you that our rates are the
very lowest and our system the best in
household furniture and piano loans.

We make loans on personal property
without removing the goods from your
possession.

We charge you nothing if we do not
make you a loan.

We make no objectionable inquiries in
your neighborhood, but do business in a
fair, square and confidential manner.

Do not lose your personal independence
by asking a friend to act as a temporary
loan when you are in need, but come to
us for your wants; we make it a plain
business proposition; you pay for what
you get and do not have to be repaid in
monthly or weekly payments for ONE
month to ONE YEAR, and charge you for
the use of the money only for the length
of time you desire it.

We Give You a Written
Statement

showing to a cent the exact cost of a
loan and also to a cent the exact amount
of discount we allow for each month the
loan is paid before time expires. You
can get no better proposition. You will
find it to your advantage to get our rates
and place the loan elsewhere.

We get the full amount of loan in cash.

The plan, as outlined by Uhl would be, instead of the county's purchasing a downtown hospital site and constructing a new hospital building, to utilize the high school building, making it a complete hospital with emergency hospital features.

A policeman was called and he listened to the end of the supposed tragedy. The cries became fainter and fainter and there seemed to come the sound of a falling body.
